ROOSEVELT IS ENDORSED IN OHIO.

Strong Platform Adopted By Convention—Myron T. Herrick is Named for Governor.

COLUMBUS, Ohio, June 4.—The Auditorium was packed again today when Senator Hanna called the Republican State convention to order. The report of the committee on credentials, seating the Rouse delegates from Monroe and the Sands delegates from Hocking, was adopted.

Before the convention assembled Boorthman withdrew for Lieutenant Governor and promised to present Harding's name, so that there was no contest for any nominations of general interest or importance. The general good-will of the peacemakers was shown in the early proceedings, especially in the speech of Foraker in complimenting Hanna.

After the report of the committee on permanent organization, Senator Hanna proposed Senator Foraker as permanent chairman, when the latter received a great ovation.

Senator Foraker said:

"This was Hanna's year. Yesterday was Hanna's day, which he improved to the utmost extent in his great keynote speech—the best he ever made."

"Next year is Roosevelt's year," he continued, and he eulogized the President amid continued cheering. He congratulated the Republicans on being united on their leaders for this year and next year, and most of all of their principles.

The reports on rules and order of business were then made and General Charles Dick, chairman of the committee on resolutions, presented the platform as follows, which was adopted:

THE PLATFORM.

"The Republicans of Ohio rejoice in the results of the Republican administration in the State and nation. It has promoted the welfare of the entire country. Past achievements insure the faithful performance of new duties.

"Ohio enters upon her second century of Statehood with a record unequalled. Republican control has aided immeasurably in placing our State in the very forefront of the Union of States, comprising the world's greatest nation.

ROOSEVELT'S FIDELITY.

"We commend President Roosevelt's fidelity to duty, his adherence to Presi-

CRASHED THROUGH BRIDGE.

Loaded Train Drops to the Bottom of River.

Five Men Have a Miraculous Escape From Death.

GRASS VALLEY, Cal., June 4.—Five men miraculously escaped death in fearful form last evening when a loaded train plunged through a bridge over Little Greenhorn creek in the lumber region several miles below this city.

An engine drawing two cars loaded with building material, left Kitts' Station for a run over the line to Kitts' sawmill far up in the woods.

When the train was on the long trestle over the Greenhorn, a part of the bridge gave way, plunging the whole train into the bed of the creek below.

Engineer Richardson was thrown clear of the falling locomotive which crashed head first into the gravely bottom and turned over.

Joseph Shebley and an unknown companion also were flung clear of the falling train.

Joseph Ozalli was caught beneath the engine, sustaining a broken leg and other injuries.

Stephen Phillipi crawled out of the mass of wreckage badly injured and for a time was unbalanced by the pain and shock. He plunged into the waters of the creek, fancying that the escaping steam was scalding him.

The three remaining men went to rescue Ozalli and by herculean efforts raised the engine sufficiently to drag him from a position where fire and steam would soon have killed him.

Ozalli and Phillipi were carried to Shelley's home, where they now lie in a serious condition.

Phillipi is injured about the back and head. The road and mill are the property of C. W. Kitts of this city, who has gone to the scene.

NEW FAD FOR LONDON MOTHERS

LADY CONSTANCE HATCH AND HER SON.

One of the latest fads in London is for beautiful mothers of beautiful children to have their portraits taken. Lady Constance Hatch, whose portrait appears above, is the daughter of the ninth Duke of Leeds, and sister of the present Duke. She married, in 1900, Ernest F. G. Hatch, M. P. for the Gorton division of Lancashire.

THEY BATTLED TO THE DEATH.

Family Wiped Out After a Fierce Battle With a Band of Cowboys.

LINCOLN, Neb., June 4.—A special to the Star from Superior gives the story of the fight at St. Francis, Kansas, between the Berry family and some cowboys.

Land had been taken up by old man Berry as a homestead. The fences of the cattle company interfered with his passage to and from the roads. Wire-cutting on the part of the Berry family in order to get the shortest possible road to town is said to have been the original cause of the trouble. The cowboys had threatened to kill the family. The fight, resulting in the five deaths, came after a recent trip of the Berry family to town.

The father and four sons were returning to their homes. Eight miles from their destination they stopped to cut their way through a wire fence.

The cowboys came upon them just as they completed the work. The Berrys mounted quickly and the cowboys fired. The oldest boy John was wounded but stayed in his saddle. The farmers had the freshest mounts and soon were out of accurate rifle range.

The cowboys kept up a scattering fusillade of shots.

Arriving home the Berrys did not think they had been pursued all the way and they were in front of the house when the party of cowboys rode up the hill, a few yards to the north.

The shooting began immediately.

Two of the Berry boys were killed before they could reach their rifles.

The old man and the other two boys got inside the house.

There were about twenty cowboys and they started on the gallop for the house, intending to fire it and then burn the defenders out.

The old man and the boys attempted to escape from the other side of the house and were shot down. Three of the cowboys were killed by the farmers while they were defending their house.

STRUCK GUSHER AT SANTA MARIA.

SANTA MARIA, June 4.—A gusher has been struck in the oil fields here. The oil spouted up thirty feet, continuing for some time. At intervals of three or four hours it then spouted forth fully 150 feet into the air. A gully ten feet deep was immediately dammed to store the overflow but it was soon overflowed into deeper indentions from 15 to 20 feet in depth. Experts say that the well will yield 600 barrels a day.

TRANSIT CO. WANTS TO COMPRISE.

The first step on the part of the Oakland Transit Company in the present strike was taken today when Harry Boyle, timekeeper of the company, spent some time in endeavoring to induce the men to return to work. Boyle offered the men $2.50 per day of nine hours, just what the union has been demanding. He wished the men to go back as individual workers.

President Burke of the union, when seen today, said: "The action of the Transit Company in urging the men to return to work is an admission of their weakness. Every effort we have made for arbitration has been unnoticed and now they are trying to convince the men that in returning to work they would be getting perfectly fair and just to themselves."

When asked as to what action was being taken by the union, Mr. Burke said: "When I saw that Boyle was creating a disturbance among our men, I asked them to pay no attention to him and was determined if he became too insistent to call a policeman to keep the peace. I wish to leave it to the public if the laborers have not taken a fair and upright part in this strike. It has been characterized by no suspicious tactics on our part."

JOCKEY BULLMAN HAS A CLOSE CALL.

HE IS ATTACKED BY A HORSE AND BADLY INJURED.

NEW YORK, June 4.—While Jockey Bullman, who was engaged to ride Mechesney in the Chicago Derby was rubbing down his valuable trotting horse, The Ravena, at Sheepshead Bay today, the animal attacked him with hoofs and teeth and so severely injured him that his life is despaired of.

Had it not been for Hiram Pierce, who was in the stable and beat the crazed brute with an iron bar, Bullman would have been killed outright.

It was found that a piece had been bitten out of the boy's left side and that the teeth of the horse had lacerated his chest and left shoulder. One of his ribs is broken and it is feared that he has sustained internal injuries.

ALVINZA HAYWARD MUCH BETTER.

SAN FRANCISCO, June 4.—Alvinza Hayward was much better this morning and his friends have every hope that he will soon be restored to complete health. He passed a fairly good night and declared that he thought he would soon be up and about.

COTTON MARKET TURBULENT.

NEW YORK, June 4.—Upon the appearance of the government crop report showing the present average condition of cotton to be 74.1, compared with 97 last year, the cotton market here was thrown into a great state of excitement. The immediate effect was an advance of 6 to 10 points, after which the market became easier under realizing.

SLIM FOUNDATION.

BELGRADE, Servia, June 4.—The only foundation for the report that King Alexander's French cook had committed suicide at the palace after having been detected in an attempt to poison Queen Draga is that a scullion employed in the palace committed suicide a week ago on account of a love affair.

CZAR APPROVES COMMITTEE.

JEWS CAN ACQUIRE REAL ESTATE ONLY IN CERTAIN TOWNS.

ST. PETERSBURG, June 4.—The Czar approved the committee of Ministers forbidding Jews to acquire real estate or enjoy the proceeds thereof except in towns within the Jewish pale, until the laws concerning the Jews have been revised. There are 110 such towns where the Jews are permitted to settle and acquire realty.

GIRL DROWNED IN A LAGOON.

CHICAGO, June 4.—Jesse Miller and a young woman as yet unidentified, but believed to have been a student at the University of Chicago, were drowned in the lagoon at Jackson Park today. Whether the double drowning was the result of an attempt of Miller to save the young woman or whether the two had planned a double suicide the police have not been able to learn.

The young woman who was drowned with Jesse Miller was identified later as Miss Frances E. Moore of Davenport, Iowa. Miss Moore was in her first year at the University and was taking the literature course. She was also said to have been a member of a dramatic school downtown.

Later information developed that Miller was a student of the school of medicine of the University of Chicago. The drowning is now supposed to have been the result of an accident.

LIFE BUOY IS WASHED ASHORE.

SAN FRANCISCO, June 4.—A message from Port Stephens, Australia, received by the Merchants' Exchange, says that a life buoy and boat marked Tropic, Stockholm, have been washed ashore there. The Swedish bark Tropic sailed from this city on March 17 for Melbourne.

MRS. MILLS RETURNS.

Mrs. Susan Mills, principal of Mills College, has returned from a trop to Los Angeles.

SERVICE CUT OFF.

HUNDREDS OF ACRES OF FARMING LAND UNDER WATER.

BURLINGTON, Ia., June 4.—By the breaking of Hunt levee, south of Warsaw, in the lowlands, the Carthage branch of the Burlington runs has been flooded and the train service cut off.

Consequently there are no through trains from Burlington to St. Louis. The only means of getting to St. Louis from here is via. Galesburg.

It is reported that the Green Bay bottom levee south of Burlington, is out, flooding hundreds of acres of fine farming lands. The river here is eight miles wide. Residents in the bottom north of Burlington are fleeing to Iquawaka, Ills., in boats to find refuge. All the inhabited islands in the Mississippi north and south of here have been deserted and the stock taken off by steamboats. Both river packet offices here are under water.

ABOVE DANGER LINE.

MISSISSIPPI RIVER IS RISING SOUTH OF DUBUQUE—OTHERS LOWER.

WASHINGTON, June 4.—The Missouri river at Kansas City has fallen 1.5 feet since Wednesday morning, the gauge this morning reading 32.9. A more rapid decline may be expected from this time forward, as both the Kansas and Upper Missouri rivers are falling. The rise continues in the Mississippi, from Dubuque southward, the gauge at Keokuk reading 19.1 feet, a rise of .6 foot since morning and 4.1 above danger line.

At St. Louis the rise has been slightly checked owing to the spread of overflow water on the east side, the gauge this morning reading 32.1 feet, a rise of .3 foot since Wednesday morning. The rise will continue south of Dubuque, and it is still probable that a stage of 35 feet and possibly slightly more may occur by Saturday or Sunday at St. Louis. Stages three and four feet above danger line will occur at Cairo. From Cairo south danger line stages will not be reached on this rise.

THINGS IN A BAD MUDDLE.

STOCKTON, Cal., June 4.—The controversy between the cooks and waiters' union and the hotel keepers' association is in a bad muddle. At last night's meeting of the Federated Trades, the cooks and waiters' union was ordered to put back to work all the men called out of the fair houses and the strike was not endorsed. The boycott against the Commercial Hotel for using supplies from an unfair store is still on. It seems that the union is not obeying the mandate of the Federated Trades and a clash between the union and the governing body is imminent. At last night's meeting the Federated Trades appointed a committee to investigate the trouble and report back as soon as possible. The hotel and restaurant business in Stockton just now is in a bad state, all because three private boarding houses use Chinese cooks.

REACH EXTREME SUNDAY.

RIVER IS FOUR MILES WIDE AT SOUTH ST. LOUIS—TRACKS COVERED.

ST. LOUIS, June 4.—During the past twenty-four hours a rise of nine-tenths of a foot has been recorded in the river and at 9 a. m., the stage registered 32.1 feet. The extreme height of the flood here will, it is believed, be reached Sunday morning in a stage of 35 feet, which is five feet above the danger line. Unless heavy rains set in this will be the highest point but should there be more rain river men believe all records since 1892 will be broken and 36 feet be reached and probably exceeded.

Railroad tracks along the levees have been submerged. Trains on the Wabash which run to suburban points have been interfered with and the station at the foot of Olive street has been abandoned. The Burlington tracks between St. Louis and Hannibal are under water for a considerable distance but the running of trains has not been materially affected. The passenger service on all roads running to Kansas City, the West and Northwest is still badly crippled on account of washouts.

At Carondolet (South St. Louis) the river is four miles wide, extending out the Illinois side to the Mobile and Ohio tracks, which alone serve as a protection to thousands of acres of farm land.

In North St. Louis the stream is three miles wide. No estimate of the damage done can be given until the water subsides.

TICKET BROKERS ARE ENJOINED.

LOS ANGELES, June 4.—Judge Waldo M. York issued a temporary injunction restraining the several ticket brokers of this city from disposing of excursion tickets issued by the railroads for the Presbyterian General Assembly recently held here.

ENDEAVORERS IN SESSION.

BIG AUDITORIUM AT SAN DIEGO CROWDED AT SECOND DAY'S SESSION.

SAN DIEGO, June 4.—The Presbyterian Church was crowded to its fullest capacity this morning when the second day's session of the Christian Endeavor convention was called to order by State President J. O. Smith. The usual quiet hour service was conducted by Rev. E. W. Work, D. D., of Berkeley. Rev. R. S. Chapman, D. D., of Los Angeles, spoke for half an hour on the study of the Bible and was followed by Miss Eva J. Angier of San Diego, Miss Anne Smith of Whittier and Miss Sadie L. Tarbill of Los Angeles and Miss Kelloss of Colorado, in brief addresses on topics relative to Bible study and the maintaining and increasing of interest in it among Endeavorers.

The missionary session which followed was the most interesting event of the day. Rev. C. H. Rondeau and Mrs. Dandy, who have spent over 20 years in missionary work in India, were present and each addressed the convention. Mrs. Dandy on the platform was a young native boy adopted in India.

Mr. Dandy was the president of the Forest Christian Endeavor Union, established in India, and held that office until his recent return to America. His address was a narrative of the work accomplished in India and the obstacles presented by native caste, customs and superstition, and a description of some of the peculiar phases of life among the inhabitants.

Rev. Dwight T. Potter of Oakland and R. Esther Smith, State superintendent of missions, also addressed the convention.

During the forenoon Floating Society session, addresses were made by Hon. Curtis D. Wilbur of Los Angeles, Rev. R. B. Taylor, Mrs. W. W. Young and Henry Seebold of San Diego, Charles Farr of San Pedro and Miss E. M. Livermore of Santa Barbara.

The afternoon was given over to a reunion of veterans, held at the clubhouse of the San Diego Rowing Club, and to excursions on the bay. A reception was held in the main rooms of the clubhouse, followed by a banquet. Preparations had been made for 250 veterans, but a larger number were present to participate in what was really the social event of the convention. An address on the work of the veterans was made by the president of the Veterans' Association, William G. Alexander, of San Jose, and other brief addresses were as follows:

"Christian Endeavor Movement," Rev. Frances W. Bell, Pago Pago, ex-State secretary; "Character Builders," Miss Belle P. Nason, San Diego ex-junior superintendent of junior work; "Evangelistic Work," Leonard Mersell, Los Angeles ex-State president; "Fellowship," Jesse O. Smith, Los Angeles, State president; "Conventions," J. T. White, San Francisco, State secretary.

FLOOD SITUATION IS IMPROVING.

WASHINGTON, June 4.—Major-General Bates, commanding the Department of Missouri, telegraphs Adjutant-General Corbin regarding the flood situation as follows:

"Commanding officer Fort Leavenworth reports flood situation improving and that he is rendering all assistance he can where needed. Tents and rations have been sent to Kansas City and two troops of cavalry have been sent there to assist in preserving order. Two companies of engineers with pontoon train, marching from Fort Leavenworth to Lawrence, Kansas."

RIVERS FALLING FAST.

MISSOURI RIVER FALLS THREE FEET IN FORTY-EIGHT HOURS.

KANSAS CITY, Mo., June 4.—Both the Missouri and Kaw rivers are receding at a much faster rate today. A fall in the Missouri of nearly 3 feet from the high point of 35 feet, recorded 48 hours ago, was shown by the government gauge at 7 a. m. The gauge at that hour registered 32 feet, which was 1 foot and a half below the stage recorded at the same time yesterday. By nightfall it is predicted the stage in the Missouri river will be close to 31 feet. There was a corresponding fall in the Kaw river. Notwithstanding the rapid decline the water about the Union depot, which is the highest point in the flooded district, is still 4 feet above the first floor. While the conditions are vastly more hopeful, a tremendous undertaking confronts the two cities. The waters as they recede are disclosing a wrecked, slime-covered area of five miles square. It is conceded by several engineers who have investigated the situation closely, that the whole of the terminal system of the railroads in the bottoms will have to be rebuilt together with bridges that alone, it is estimated, cannot be replaced at under from $5,000,000 to $10,000,000. In the work of rehabilitation, the greatest precaution will be taken to prevent an epidemic of sickness because of utter lack of sanitary measures.

Sewers were washed out and must be entirely replaced and even the pumping station, although it may be used temporarily, must ultimately be removed to higher ground and a complete new plant constructed. At Convention Hall, where several hundred refugees have been housed since last Sunday, the sanitary conditions have become such that preparations are making for the immediate removal of the homeless. What to do with them is a serious problem. Water was turned on in the business district on the Missouri side today for the first time since Monday, but the flow was inadequate. The railway system is improved greatly today.

PLAYER IS SUSPENDED.

SACRAMENTO, June 4.—Cy Young, one of the pitchers of the Sacramento baseball team, was today indefinitely suspended by Manager Fisher. The claim made that Young is too fond of liquor.

WAREHOUSE BURNED.

BAKERSFIELD, June 4.—Fire completely destroyed the large warehouse and barreling shed of the Pacific Refining Company at its plant just west of the city limits this morning. The fire started from one of the large cooling kettles, and in a moment the shed was in flames. From here the flames spread to the large warehouse in which were stored 401 barrels of asphaltum. The Fire Department went at once to the scene and prevented the flames from spreading. The loss is about $6000.

SPORTS FROM FIELD AND CLUB

GOOD WORK FOR OAKLAND.

GRAHAM DID SOME CLEVER PITCHING FOR THE LOCAL TEAM.

Graham did some pretty pitching for Oakland yesterday and won the game away from Los Angeles by a score of 5 to 2, making it two out of two in the series. Pete Lohman's pets won the game without any help from the umpire, but it is a mystery as to just how they did it except that they played the game every minute of the nine innings.

Every one of the Oakland cripple's found Drinkwater yesterday. Bird received his first scratch on the average and everybody else increased their's. Altogether they connected with Drinkwater's shoots eleven times.

If Oakland can only keep up this winning streak there will be joy in the home camp and the Seraphs will go home with their lead reduced.

Mike Fisher has put Pitcher Keefe on his pay roll. Keefe has been working in a Santa Clara College uniform and was recommended to Mike by our Graham, who had coached the college nine for two years and knows Keefe.

Pitcher Wiggs, who is playing with the San Francisco opposition, sat on the Oakland bench yesterday in a Cincinnati uniform. He warmed up a bit before the game and then disappeared. Lohman says that he has not signed the player or has he any intention of so doing.

Eddie Householder, who played last year with Los Angeles, is out of the game for a year. A letter was received by one of the players from Eddie yesterday, in which it reads that the center fielder was injured so badly a short time ago that he must do something else until next season.

The run-getting in the San Francisco-Sacramento game commenced in the third inning with Harris' men at the bat. Whalen hit safely and scored when Shay singled out a three-bagger. Meany walked and was nailed trying to steal second. Irwin knocked a fast grounder to Thomas, who threw the ball into the bleachers, and Shay came home while Irwin halted at third. The next batter up was out. San Francisco received another run in the fifth by a hit by Whalen and hits by Irwin and Meany.

The following is the standing of the teams in the Pacific Coast League:

	Won.	Lost.	P. Ct.
Los Angeles	38	18	.679
Sacramento	33	23	.589
San Francisco	31	29	.517
Seattle	28	31	.475
Oakland	26	30	.419
Portland	15	35	.300

By winning the game yesterday the Portland party made it two straight. Carlos Smith celebrated his appearance in a Seattle uniform by landing the ball over the fence, making a home run and driving in three men ahead of him. He also made a few singles, but despite the good stick work the Portland men took the tea party with a score of 5 to 4. Klinkhammer went to pieces in the third and his shoes were filled by Semple.

The Portland people are now traveling in the 300 society, Oakland and Seattle in the 200 bunch, while the rest of the teams are somewhat higher in life.

FACTORY AND HOMES BURNED.

OTTUMWA, Iowa, June 4.—The sash and door factory and the planing mills of Davidson & Thackeray, the printing and lithographic establishment of Morton & Company and about ten dwelling houses, the latter in Queen street, were burned to the ground early today. Loss estimated at about $100,000.

FIGHT TALK IN SAN FRANCISCO

GANS AND BRITT ARE NOT LIKELY TO COME TOGETHER AT ALL.

The San Francisco pugilistic public has not finished threshing over the recent fight between Gans and Fitzgerald and they find time between breaths to deplore the fact that Britt and Gans will not get together. There is nothing but admiration for the Baltimore boy across the bay and he is considered a wonder by all who saw him in action last week. They are all anxious to see him in the ring again, and are casting about for some worthy opponent for him.

Of course, the first choice of the San Francisco sports is Britt, but he is not available, owing to the fact that he and Gans cannot agree on the momentous weight question, and there is talk of importing Jabez White, the light-weight champion of England, to the Pacific coast for a meeting with the colored boy. The plan of importing White is not a new one as he has been talked of before in other connections.

White has disposed of all the lightweights in England that had any pretensions to be classed as top notchers, and quite recently he beat "Spike" Sullivan, which alone speaks well for his class. It took Gans fourteen rounds to lay Sullivan away, and White made an equally as good bowing against him as did Gans.

The weight problem will be the least of the difficulties, as both White and Gans are about 140 pounds when in condition. Should the match be consummated, it is probable that the men will fight at a weight between 135 and 140 pounds. The match would be for the international championship and would draw fully as well as a match between Gans and Britt. A San Francisco club is trying to arrange the match, and the outcome of their efforts will be watched with interest.

HARD ON BRITT.

STORY GIVEN OUT THAT HE WILL EASILY BEAT JACK O'KEEFE.

The news comes from Chicago that the Britt-O'Keefe fight, which is to take place at Butte on the afternoon of June 15th, is "fixed," and that Britt will be an easy winner. Jimmy's friends are much incensed at the report for Britt is known to be one of the squarest men in the ring and would never listen to any proposition to fix a fight.

Britt is too well known in San Francisco and the towns about the bay for the story to gain any credence, but should Britt prove an easy winner, as he expects to, it will give the few adherents of the tale an opportunity to say, "I told you so," and will naturally be disagreeable to Britt, who has always been above suspicion.

Everyone who saw the last meeting of the two men in Portland are unanimous in the opinion that Britt had by far the best of the fight until he was disqualified for a foul, and on the strength of that showing look for Britt to be an easy winner.

U. C. OARSMEN.

THEY COME OUT SECOND BEST IN THE CONTEST IN THE NORTH.

The University of California junior four came out of the match against the University of Washington second best in a four-oared race over a mile and a half course. There were extenuating circumstances to which their defeat can be attributed.

Just before the start was to be made a row-lock on the Washington boat was broken and for a short time it was thought that the race would have to be postponed. As a large number of spectators had gathered along the course, the Californian crew was asked to row an exhibition course, so that the crowd would not be disappointed.

After the Californians had started, and it was too late to recall them, it was found that the damage was not as serious as at first thought and the break was repaired on the spot. The Berkeley oarsmen were given a rest of three hours, after which the race was rowed. The fact that they had to row two courses in one afternoon told against them. Another factor in lessening their chances to win was the erratic steering as the two crews neared the finish, the California boat going some fifty yards out of the course. The time for the race was 9:33.

EDITOR FILES DEMURRER.

A demurrer was filed with Police Judge Smith this morning by Attorney D. C. De Golia, who represents Albert Currlin, the editor of a German weekly newspaper, who is being sued by Heini Feldmann, a peddler, for libel. It is claimed by Feldmann that in a recent issue of Currlin's paper there appeared an article that reflected on his character.

In the demurrer it is alleged that Police Judge Smith has no jurisdiction in the case and that the entire allegation against Currlin is ambiguous. He claims that the translation of the article alleged to be libelous is incorrect, and also that it is not shown which sentence or word is libelous, and, therefore, asks that the charge be dismissed.

Accompanied by his attorney Currlin appeared in the Police Court this morning, but his accuser was not present. Judge Smith will render his decision Jan. 11th.

BOWLING GAMES ON ALLEYS.

EAGLES DEFEATED BY THE TEAM FROM ACROSS THE BAY.

The Eagles bowling team was defeated last evening on the Thirteenth-street alleys by the California team of San Francisco. The Eagles made a gallant stand in the first and second games, but the formidable aggregation, captained by Champion Legarde, together with some of the best talent of San Francisco, proved too much for the local team in the last game. They went to pieces and allowed the visitors to gain a good lead in the total score.

Detailed scores were:

ALEX THEIR FRIEND.

GREGGAINS IS HONORED BY THE MACHINISTS ACROSS THE BAY.

That the machinists of San Francisco are appreciative of what Alex Greggains has done for them in the past was evidenced last evening when the well known manager of the San Francisco Athletic Club was presented with a handsome diamond insignia of their order and a set of engrossed resolutions. The presentation of the beautiful momento was made by Congressman W. J. Wynn in the presence of fully 500 members of the big organization. Mr. Greggians was greatly surprised, but found words to fittingly thank his friends for the handsome token of their esteem.

During the long strike in which the machinists engaged Greggains gave them the free use of the San Francisco Athletic Club for ten months and did everything in his power to aid them. In presenting the diamond fob, which represent a geared wheel and shows the caliper and square used by the members of the trade, Congressman Wynn told of the splendid services Mr. Greggains had rendered the machinists. He dwelt on the fact that it was in the rooms of the athletic club that the Union Labor party had its inception and that party was originated by the machinists. He extolled Greggains and his words of praise were heartily applauded.

The resolutions are being prepared by Professor Goldstein of the Girls' High School and when completed will be an artistic piece of work. The resolutions adopted are as follows:

"Whereas, Alexander Greggains has rendered this association innumerable services and has shown a thorough sympathy in our cause ever since the beginning of our struggle for the betterment of our condition; and,

"Whereas, In considering that Mr. Greggians in graciously bestowing the rooms of the San Francisco Athletic Club to our use without any thought of recompense and otherwise in an untiring manner arranging for our benefit was actuated solely by a sense of justice, kindness and a love for our welfare, we feel it befitting to note these things and order these resolutions spread upon our minutes and a copy thereof suitably engrossed and sent to Mr. Greggians as a slight token of an everlasting friendship and grateful appreciation of the many valuable services rendered this association."

The Machinists' Association now numbers 1400 members. It has splendid headquarters at 1059 Market street. High jinks were held after the regular meeting and W. R. Haggerty presided.

WILL REMAIN IN BUTTE.

DENVER, June 4.—By a vote of 33 to 31 the delegates to the convention of the American Labor Union have voted to retain the headquarters at Butte, Mont. The proposition was to remove the headquarters to Denver.

ANSWER IT HONESTLY.

Are the Statements of Oakland Citizens More Reliable Than Those of Utter Strangers?

This is a vital question.

It is fraught with interest to Oakland.

It permits of only one answer.

It cannot be evaded or ignored.

An Oakland citizen speaks here.

Speaks for the welfare of Oakland.

A citizen's statement is reliable.

An utter stranger's doubtful.

Home proof is the best proof.

J. J. Lawrence, miner, of 160 Seventh street, says: "Lameness and pain across the small of a miner's back totally prevents a man from performing work, and even when the backache is not so pronounced as to prevent working it certainly is an aggravating annoyance. When in Ecuador, South America, I first noticed that in some way my kidneys were not performing their functions properly, and aching across the loins ensued. Since then other attacks have occurred, and I was suffering from one when I noticed Doan's Kidney Pills advertised in our Oakland papers and went to a drug store for a box. If the first box had not helped I never would have bought a second, and if the second had not not brought greater relief I never would have continued the treatment. You can say for me that Doan's Kidney Pills can be depended upon to do exactly as stated."

For sale by all dealers; price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

AMERICAN DERBY IN EAST.

HOW THE BETTING IS DRIFTING FOR THE GREAT RACE.

The probabilities of the American Derby have changed materially in the past few days. Conditions now point to an extra large field on June 25th. The race of Irish Lad in the Brooklyn handicap was so pronounced that this candidate for Derby honors now stands out all by himself in the Eastern division, and has forced "Kid" Weller to cut his price in the future book from 20 to 1 to 10 to 1. The stable having placed a good sized commission with Weller, his appearance here is consequently assured. Mr. Thomas will also send his two great colts Yardarm and Onatus. These with Mexican and Mackey Dwyer will no doubt form the Eastern Division.

Of the Western contingent, Mr. Drake's Savable, the present favorite and High Chancellor, (both backed heavily by the stable) are looked upon as the Western champions. Weller quoting their respective prices today at 7 to 1 and 20 to 1. However, favorites do not always win Derbys, and with such good ones as Fore and Aft, Au Revoir, Dick Welles, Bernays, Judge Himes, Early, Woodlake, The Picket, Ravel, all heavily played by their owners, it looks like the great race of 1903 will be an open one. There still remain 117 eligible starters and strange as it may seem the sheets of Kid Weller show 112 of these have been played to win. Some at 1000 to 1 and others at shorter prices down to Savable at 7 to 1. The general play accorded the lesser lights in the turf world is easily accounted for, firstly, the East has never "lifted" the Western blue ribbon, and then few favorites ever pass the post in the front rank. Since 1884, when Modesty (the only filly to win) won the Derby, only three favorites, Emperor of Norfolk, Uncle Rob and Strathmeath ever gained the coveted prize, and it is not improbable that history may repeat itself.

Let's All Help Boom California

We want 1,000,000 more people right around this Bay. Now, every one of you who have relatives and friends in the Eastern States write them at once, and urge them to come to Oakland. You can tell them of the many advantages here, but more particularly you can mention about this store. Many may not come until they are assured that they can buy their clothing right—as that prices are as reasonable as they have been used to paying. That the assortment is all they will require. When they are assured that this matter is satisfactory there will be no delay. Now don't overlook this matter—talk climate and flowers—scenery and agriculture—stock raising and mining—but

Living Voices of International Celebrities Heard in the Victor Talking Machine

The marvelous enterprise of the Victor Talking Machine Company has been the means of bringing the world's Greatest artists in your home.

The evolution of the modern talking machine, as best exemplified in the Victor draws from an inanimate machine a tone as pure as from the throat of an artist.

We are pleased to be able to tell our friends and the public generally that within the last few days we have received the greatest of all records—marvelous messages of song from:

CARUSO—the great European Tenor
KUBELIK—the wizard of the violin
CALVE—the great Carmen
PLACON—Grau's famous basso
SUSANNE ADAM—from Grau Opera, Paris
SCOTTI—The magnificent baritone.

We have the Victor in all sizes—$12.50 to $55.00—smallest size speaks as clearly as large size—it's simply a question of volume.

ROOSEVELT IS ENDORSED IN OHIO.

Strong Platform Adopted By Convention—Myron T. Herrick is Named for Governor.

(Continued from page 1.)

dent McKinley's policies and his own ability in his high office, showing him in every way worthy of election by the people to be their chief magistrate. We favor his nomination for President in 1904.

"The Ohio Republican delegation to Congress has honored the State in both Houses. Senators Joseph B. Foraker and Marcus A. Hanna have splendidly maintained Ohio leadership. The re-election of Senator Hanna is a distinct national demand upon our State and we hereby cordially promise him the unreserved support of the entire Republican party in Ohio.

GOVERNOR NASH.

"Governor George K. Nash, with his able assistants in the State offices, for their faithful and successful administration, deserve the generous commendation and gratitude of the people.

"In Ohio, as in the nation, Republican achievements compel popular approval. Our State debt is cancelled, the cash surplus in our treasury is at record figures, the State institutions were never more efficiently or economically conducted. We favor removing limitations which prevent a more just system of taxation.

"Ohio ought not to discriminate longer against her own corporations, thus cutting off possible revenues and other benefits and we therefore favor and indorse the amendment to remove the present provision in our State Constitution of the double liability of stockholders.

"We also favor the amendments to vest the Governor with the veto power.

"The question of transportation is one of the most important problems now before the American people for determination. The full utilization of our land waterways is demanded by all business interests. We therefore favor the continued improvement by the general government of the Ohio river, that a navigable stage of water be maintained the entire length.

REPUBLICAN LEGISLATION.

As Republican legislation has always provided work for those who will work, while Democratic free trade has produced the opposite result, so the labor laws, State and national, have been largely of Republican origin. We favor their extension in every way available in all, particularly those designed to promote harmonious conditions and to secure for labor just recognition in the settlement of differences. Public welfare demands this quite as much as the interests of employers and employed.

"Better roads would save Ohio's citizens millions of dollars yearly and should be systematically established. They are especially needed on account of the rural free delivery system, for which the demand is now well-nigh universal. Inaugurated by Republicans, a Democratic administration refused it a trial and Republicans have now proved its value. We favor the extension of the system as rapidly as possible wherever desired.

"Public improvements have invariably been favored by the Republican party, benefitting the entire country many times their total cost. Every citizen interested in better rivers, and harbors, public highways, improved postal service, forest preservation, flood prevention, the great Isthmian canal and other enterprises of like character, has the rightful home only in the Republican party, where progress has never been opposed.

PENSIONS.

"Nearly three thousands of millions of dollars paid to pensioners since the Republican party came into power, almost all of it under legislation enacted without a dissenting Republican vote in Congress, but always against Democratic opposition, attest the contrast between the parties in this respect and yet further liberality was recommended by the pension legislation of the last Congress.

"The improvement in our relations with the Philippine Islands is attested by the reduction of our army to the lowest legal limit. Education and enlightenment under broad-minded administrative policy are gradually obviating the necessity for control through military power, and we commend the rapid and steady progress made in the preparation of the fullest for the fullest possible degree of self-government.

"In this connection we voice the grateful acknowledgment of the nation for the splendid service in the Philippines of that distinguished son of Ohio, Governor-General William H. Taft.

"Under Presidents McKinley and Roosevelt our foreign policy of equity to all has made the United States the peacemaker of the world, guarding weaker nations from aggression and giving the Monroe doctrine a vital force greater than ever before.

"As America's part in preserving the peace of the world, we endorse the Republican policy of development of the United States Navy to the highest efficiency and we will give every encouragement possible to our merchant marine in the extension of American commerce in American ships until every sea is invaded.

THE TARIFF.

"The protective tariff policy of the Republican party has made the United States the greatest industrial nation astonished the world with the tremendous development of our boundless resources; added vastly to our foreign commerce; greatly increased the prosperity of the farmer and has advanced labor to the best scale of living ever attained. We oppose all attacks upon this policy whatever the pretext, as tending to bring back the disastrous days of Democratic tariff revision and free trade. Changing conditions and the possible benefits of reciprocity may call for timely readjustment of schedules, but protection as a principle and as a policy must be administered by the friends of American prosperity and must not be sacrificed.

"Combinations for the monopoly of trade and kindred unlawful purposes are directly amenable to penalties provided by Republican legislation and their vigorous enforcement in the courts. No worthy interest is imperilled but whatever will work public harm is restrained and that without resort to the Democratic plan of destroying all American industries through tariff revision or otherwise.

"If further legislation should be found necessary the Republican party can be depended upon to enact and enforce it with equity and safety in every legitimate interest.

NATIONAL CREDIT.

"The Republican party having restored the national credit after it was nearly destroyed by the Democratic party and having maintained, defended and advanced it to the highest in the world, with every dollar of full value, and having given to the people the only banking system that operates uniformly everywhere without loss and at a lower cost, should now endeavor within safe lines, to stimulate local bank circulation, thus securing an elasticity of currency supply commensurate with business demands and we favor well-guarded legislation to this end.

"Ohio was the first State with soil forever free from the stain of slavery. It was first to preserve the 'indestructible Union of destructible States,' and adheres firmly to every amendment which that war wrote into our country's constitution as binding upon every American citizen.

"Therefore, we hold fast to the doctrine of equity everywhere in the exercise of the elective franchise, maintaining that justice requiring any State, excluding any of its citizens from the ballot, to be proportionately reduced in its representation in the electoral college and the lower House of the National Congress. From its early day the Republican party has accomplished great results in the State and Nation, and without resting upon its laurels has continually pressed forward to new duties. Unremittingly it seeks to establish whatever is safe and wise and truly progressive, and in furtherance of its great and patriotic purposes it invites most cordially the co-operation and support of all who sincerely desire to promote our country's highest welfare."

The resolutions were amended so as to ask for National as well as State aid for "good roads."

The name of Myron T. Herrick for Governor was presented by Paul Howland of Cleveland. Under the rules no seconding speeches were allowed. But Albert Douglas, of Chillicothe, made quite a stirring speech and demanded the nomination be by acclamation. His motion carried amid great applause, when Herrick was declared the nominee for Governor and a committee was appointed to escort Mr. Herrick to the hall.

When Mr. Herrick arrived he received a stirring ovation and accepted the nomination.

During the week there had been a lively contest between the followers of State Senator W. G. Harding and M. M. Foothman for second place on the ticket, but when Senator Hanna refused to take action the latter withdrew and presented the name of Warren G. Harding, editor of the Marion Star, who was nominated with as much unanimity as Herrick for Governor.

The remainder of the ticket was nominated as follows:

Auditor—Walter D. Guilbert.
State Treasurer—W. S. McKinnon
Attorney-General—W. H. Ellis.
Supreme Judge—Judge Augustus M. Summers.

HAD A NARROW ESCAPE

Mrs. C. P. Ponteuq, who is stopping at the Huff House, this city, had a narrow escape from being run down at Seventh and Clay streets this noon by the eastbound local, driven by Engineer Jefferis. Mrs. Ponteuq had made some purchases and evidently did not notice the approaching train. She was some distance from the flagman and if it had not been for the prompt application of the brakes by Jefferis she would undoubtedly have met a terrible death. After her narrow escape Mrs. Ponteuq did not seem any the worse for her adventure.

MEN—WHY SUFFER.

A Remedy Offered You That Cures Quietly and Quickly.

It was only at great expense that the well-known firm of Osgood Bros., the drug cutters, was able to secure the sole agency for this county of that great remedy—Diesolvine. For quick and permanent relief probably nothing has ever been discovered that does its work so satisfactorily. It costs but twelve and one-half cents a treatment and there are twenty treatments in a box. This is sufficient to cure the most obstinate cases.

One most agreeable feature of Diesolvine is that if applied at night, it immediately soothes, makes sleep pleasant and undisturbed and by morning it has quietly accomplished its grand work.

There is not an offensive feature to it and hundreds of Oaklanders have proved that it is all that is claimed for it. It can only be obtained at Osgood's, Seventh and Broadway.

FREE MARKET TO BE INVADED.

JAKE PANTOSKEY TO ERECT NEW MODERN BLOCK ON FIFTH STREET.

A radical and modern invasion is to be made of a part of the precincts known as the Free Market on Fifth street. This will be the erection by Jake Pantoskey of a three-story brick building at the southwest corner of Washington and Fifth streets, which is to cost about $35,000. Plans for the structure are now being prepared by Architect Charles Mau. The building will be 100 by 125 feet in area and three stories in height.

The upper floors will be used for hotel and lodging purposes and the lower floor will be rented for store purposes, and will practically enable a continuance, though in a more stable manner, of the stalls of the Free Market, which are now located on the ground which is to be covered by the proposed structure. This ground is the property of Mr. Pantoskey. It is covered by rambling frame structures which have long since become fragile and almost unsightly, and which cannot bring in a revenue in keeping with the recently increased appreciation in the value of the property.

This is the first indication of substantial improvement which has taken place in that section in a number of years.

TRIAL OF KING BEGUN.

The trial of George King, who has been held responsible for his wife's death by the Grand Jury and indicted by that body on a charge of manslaughter in having allowed his wife to go through illness without the attendance of a physician, was begun before Judge Ellsworth this morning.

King is defended by Judge Frick while the interest of the people is being cared for by Deputy District Attorney Samuels. King took occasion at the appearance of his two-year-old child to make a demonstration of fatherly affection.

The morning was spent in the examination of jurymen. For evidence already given at the Coroner's inquest and before the Grand Jury, testimony of a repulsive nature against King is expected to be brought at the trial.

EXCURSION TRAIN IN A WRECK.

CHARLESTON, S. C., June 3.—An excursion train on the Atlantic Coast Line was wrecked near Sumpter this morning, the engines, baggage cars and three coaches ploughing headlong into a deep washout. Conductor Clements and four negroes were killed.

Forty-three were injured, eight seriously. The engineer and fireman are among the injured. The excursion was running from Nichols to Columbia.

AUGUSTA, Ga., June 3.—The Atlantic Coast Line officials announced this afternoon that they have received a message saying that seven bodies had been taken from the wreck near Sumpter, and it is believed the fatalities will reach thirty. The injured are being taken to Sumpter.

BUSINESS FIRMS COMING.

SAN FRANCISCO HOUSES OPEN BIG STORES IN HEART OF OAKLAND.

By way of showing how Oakland is attracting attention from business men in other sections, one local real estate firm today pointed to the fact that it had secured quarters within a short time, for business concerns which had heretofore enjoyed a profitable patronage in San Francisco and which had located here to improve their condition. One of these firms is a gents' furnishing goods house and a second is a hatting firm. Both of these have secured stores on San Pablo avenue. The third is a hardware firm, H. Sparber & Co., which is now quartered in the double store on the west side of Broadway immediately south of Seventh street.

The same real estate firm is looking for store places here for a number of other business concerns of San Francisco which have been attracted to this city by the wonderful increase in population and business which has taken place here during the past few years.

JOHN WILLIAMS PASSES AWAY.

John Williams, who has resided in East Oakland for some time, died yesterday at his home, after a short illness. Mr. Williams was well known in Oakland and had a host of friends. He was a native of Cornwall, England, and was 76 years of age. He was the father of Rev. John C. Williams of Gilroy, and Mrs. George H. Mason, Charles and J. L. Williams. The funeral will be held tomorrow and interment will be in Mountain View Cemetery.

SHE WANTS TO COME TO OAKLAND

Does it pay to advertise? There was among the letters received by the Oakland Board of Trade this morning, one from Paris, France. This letter stated that the writer had seen some of the literature sent out by the board, and had, after due consideration, decided that Oakland was the city in which she desired to make her future home. She wanted to be near enough to San Francisco to attend the grand operas and principal theatrical events and yet away from the city itself. After a residence in Europe of many years, it was the intention of her family to come to Oakland and settle. The following questions are asked in the letter, and the secretary of the Board of Trade would like a good list to forward, or will give the address to all members of the Board of Trade, who are desirous of corresponding direct with the parties. The questions asked are:

"Give full particulars of property, say one to three acres, with modern home, containing up-to-date sanitary plumbing, bath-room, four bed-rooms or more and two servants' bed-rooms, library, drawing rooms, butlers' pantry, kitchen, dining room and plenty of closets. Place must be in the near suburbs of Oakland, accessible to car lines; garden must be in full cultivation. I wish to obtain as exact an idea of the place as possible, say both for renting or buying. Would like photographs of the places, if possible, and lowest cash price, and will return the photographs if required so to do."

SAN FRANCISCO, June 3.—The condition of Alvinza Hayward, the capitalist, is of such a nature as to create considerable alarm among his friends. Reports from the residence at noon today were to the effect that there was a slight change for the better. Dr. Arnold has made arrangements to go to Nome, and he sailed this afternoon on the St. Paul, transferring the case to Dr. De Marville.

Special Notice

To School Directors and Church Trustees

We can convince you that the burners sold by us for heating large plants are the most suitable for heating school houses and churches, if you will but see the practical demonstration.

Several of the largest hotels, hospitals and schools, now use these burners and will recommend them for heating plants of large public buildings and churches, lodge halls, school houses, etc. The California Oil Gas Company's Burners have no equal.

This is the proper season to put them in as our mechanics are not so rushed, as in winter. Testimonials on application.

ORGANIZING FOR A STRIKE.

MINERS IN THE NORTH PLAN TO GO OUT ON FOURTH.

STOCKTON, June 3.—The Mail has received information from Angels Camp to the effect that the miners are organizing there and that before the 4th of July, there is likely to be a big strike. A miner who was in Stockton yesterday declared that a strike was imminent unless certain demands should be acceded to by the mine owners.

The chief bone of contention is the long hours. It is said there will be no demand for a raise in wages, but the mine owners will be asked to reduce the working time to at least nine hours. The miners claim that the day shift, especially, is too long. As soon as organization is completed the demand for shorter hours will be passed up to the mine owners and unless the demand is granted there will be a walkout of the miners on that part of the mother lode, so it is declared.

Among the mines which would be affected is the Lightner owned by Stockton people, the Utica, owned by Charles Lane, and one of the biggest gold producers of that country.

Stockton people interested in the mines about Angels declare that there will be no strike, as the miners are perfectly satisfied with the hours and wages. There are a few agitators it is said, who, made bold by the success of the strike at Jackson, are stirring up a controversy of four or five years' standing. The owners declare that the majority of the miners are perfectly satisfied with the conditions.

SUES WIDOW OF HUGH TEVIS

PHYSICIAN WANTS A BIG FEE FOR HIS SERVICES.

SALINAS, Cal., June 3.—Dr. J. P. E. Heintz of San Francisco has commenced suit against Mrs. Cornelia Tevis, relict of the late Hugh Tevis, to recover the sum of $7500 which he claims to be due and owing for medical and surgical services rendered the defendant at her special instance and request within two years next before the commencement of the present action. Henry C. McPike is the attorney for the plaintiff and the complaint is dated May 25, 1903.

WOMAN ARRESTED FOR FRAUD

SHE HELD OFFICE FOR UNCLE SAM IN THE NORTH.

PORTLAND, Ore., June 3.—Miss Marie Ware, who recently resigned as United States Commissioner at Eugene at the request of the United States District Judge Bellinger, was arrested here today.

Miss Ware is charged with conspiracy to obtain Government lands by fraud.

Horace G. McKinley, a timber land locator, was arrested yesterday charged with making false affidavits in the office of the United States Commissioner at Eugene.

Special agents of the General Land Office have been investigating alleged timber land frauds in this State for several months past.

It is said that the fraudulent entries of land in this State will run into the thousands and that sensational developments are expected.

PROTEST OF LABOR

AMERICAN UNION SENDS STRONG LETTER TO SECRETARY HAY.

DENVER, Colo., June 3.—By unanimous vote the American Labor Union passed a strong resolution condemning the Russian Government for allowing the recent atrocities and outrages against the Jews at Kisheneff, and Secretary-Treasurer Clarence Smith of the organization was instructed to forward a letter and resolution to Secretary of State John Hay, asking that the United States Government protest to the Russian Government against a continuance of such butchery.

Aside from hearing from standing committees today the Western Federation of Miners considered the matter of wages at Anaconda. It was said that the smelter men there are receiving 55 cents a day less than the smelter men and millmen in Butte and Great Falls. General conditions are the same at all three places.

TROUBLE OVER A MILK RANCH.

F. Kurth and Fred Rohrer conduct what is known as the Del Monte Dairy. Kurth wants the partnership dissolved and the business sold so that he can get his share out of the investment. Rohrer evidently is making objections for a suit was filed today by Kurth in which he asks that the partnership be dissolved and that the same be sold and the proceeds be divided between them.

It is alleged that each of the proprietors invested $850 in the scheme. The property now consists of twenty-two head of cattle, three horses, three wagons and harnesses, farm implements, a year and a half lease on the property and the good will and accounts of the milk routes.

MARRIED AT HIGH NOON.

SAN FRANCISCO, June 3.—It would be impossible to plan a more ideal June wedding than that of Miss Olive Holbrook and Silas Palmer of Oakland, which was celebrated at noon today at Trinity Chapel, Menlo Park.

The Rev. Dr. Gallwey was the officiating clergyman, and the chapel was artistically decorated by the skillful fingers of Miss Willias and her assistants in white sweet peas and bamboo.

Miss Holbrook was the prettiest of brides in a graceful gown of most exquisite lace, with a court train of white satin. She wore a long tulle veil, and her flowers were orchids.

MAID OF HONOR.

The maid of honor, Miss Floretta Elmore of Oregon, wore a lavender chiffon gown, a large white lace hat, and carried a shower bouquet of white sweet peas, tied with pale blue and lavender ribbons. The four bridesmaids, Miss Leontine Blakeman, Miss Suzanne Blanding, Miss Bessie Palmer and Miss Hernie Brown, were gowned in white mulle, elaborately trimmed with Valenciennes lace and made over white silk.

They also wore white lace hats and carried shower bouquets of white sweet peas, tied like the maid of honor's, with dainty bows of pale blue and lavender and a prettily unique feature was the connecting of each two of the bridesmaids' bouquets with ropes of white sweet peas.

Sidney Pringle was the best man, and Frank King, Isaac Upham, Howard Veeder and Harry Holbrook were the ushers.

RECEIVED ON LAWN.

After the ceremony Mr. and Mrs. Palmer received the congratulations of their friends on the lawn of the Holbrook home and it would be hard to find a prettier or more animated scene.

The wedding breakfast was served on the tennis court, which was tented over for the occasion, and in the summer house near by musicians played throughout the afternoon.

The bride's table was decorated exquisitely in white and lavender, and seated there were Mr. and Mrs. Silas Palmer, Miss Elmore, Miss Hernie Brown, Miss Bessie Palmer, Miss Suzanne Blanding, Miss Leontine Blakeman, Miss Susie Elmore of Oregon, Miss Genevieve King, Miss Elizabeth Huntington, Miss Carrie Ayres, Miss Lucie King, Sidney Pringle, Frank King, Isaac Upham, Howard Veeder, Burbank Summers, John H. Mee, Dennis Searles, Brockway Metcalf, Harry Holbrook.

SPECIAL TRAIN.

A special train conveyed the guests, of whom there were about 250, to Menlo Park, returning late this afternoon. Mrs. Palmer has always been one of the most popular and genuinely beloved girls in society, and her friends are rejoicing greatly over her happiness. Mr. Palmer, too, has many friends both here and in Oakland, where the Palmers have lived for so many years.

THE SCHOOL BOOK ROW.

The falling out between the school book publishers and the local jobbers in San Francisco gives the public a small glimpse of how the public is plucked in the glorious cause of free education. The quarrelling booksmen are telling no more than will serve their purposes, however, and what they divulge is only a fraction of what they withhold. They are not giving the secrets of the combine business away to any great extent, certainly to no greater extent than will further an adjustment of the dispute between the two sets of leeches.

The row has grown out of an accusation made by the publishers that the jobbers are hogging more than their share of the plunder. It seems that the latter formed a combine and exacted a profit in which the publishers had no share. Hence the publishers entered into competition with the jobbers in bidding for contracts to supply supplementary school books. This was done, not out of any regard for the public, but solely to force the jobbers to come to terms, or in other words, divide the extra profit.

When parties of this kidney fall there is a chance of the victims getting a part, at least, of their dues, but no substantial relief from the exactions now practiced by the book ring can be had till the whole system of commissions between publishers, jobbers, authors and education boards is shown up and abolished. It is time the iniquitous system which compels parents of High School pupils to buy at three times its value a pirated edition of Bullfinch's Age of Fable were exposed and stopped, but unfortunately the wrangling bookmen are not angry enough with each other to kill the goose that lays the golden egg. They are careful enough of their future profit to refrain from explaining how books, mainly compilations or revisions of standard authors, fathered by certain pedagogues are made text books in the High Schools. It is a notorious fact that no preparatory school, whether it be a public High School or a private institution, can be accredited to the State University unless certain text books edited or compiled by certain professors are included in the curriculum.

If the Bible were used as a text book in the schools probably the King James version would be barred out and some version expurgated, amended and improved by a University professor substituted at three times the cost of an ordinary Bible. Indeed, parents once had the melancholy pleasure of paying for an edition of "Bible Readings" for use in the schools till somebody whose religious feelings were easier hurt than his pocket, made a row and had the little pretext for a rakeoff kicked out.

The failure of a banking firm in Toronto for over ten millions proves that Canada is ahead of the United States in some particulars at least.

It is stated that the situation in Breathitt county, Kentucky, is improving, but we have not observed any increase in the death rate of late. A high mortality is about the only healthy indication of improvement in that community.

CHAMBERLAIN'S FUTURE.

The tip is now given out that the British Ministry will not appeal to the country for two years yet for an endorsement of Chamberlain's preferential tariff policy. In the meantime many things may happen; new issues may arise, and foreign complications ensue to demand more immediate consideration. It may be, therefore, that the Colonial Secretary's scheme will never be put to the test of popular vote, but he has nevertheless taken his position as the leader of the Cabinet. He is the most talked of man in the Empire, and has shown himself capable of taking place alongside Peel, Gladstone and Disraeli in the creation of new issues and the outlining of vital policies.

This is the true test of statesmanship and however much one may disagree with Chamberlain or disapprove of his methods, it must be admitted that he possesses the qualities of an able leader. His aggressive boldness is tempered by political tact and consummate skill in the presentment of his plans. He has given the colonies as well as the mother country something serious to think about, and if he has run counter to British conservatism he has artfully appealed to British pride and patriotism, not to say prejudice. Whatever becomes of his issue, he will not go down with it. The man who thinks as adroit a political acrobat as Joseph Chamberlain is going to sink with a losing proposition has not studied the career of the man or underates his cleverness in adapting himself to conditions and his views to the current of sentiment. He is no stiff, formal Tory statesman of the aristocratic school, but a democratic politician taking the lead with pedigreed dullness by the same dash, boldness and suppleness of mind that gave Disraeli his domination.

POLITICS AT THE VATICAN.

The Pope has signified, with proper regret, to President Loubet that he cannot give him audience in case the French ruler visits Rome as the guest of the King of Italy. The Italian monarch is persona non grata at the Vatican because he is regarded as the spoiler of the church, or rather as the holder of possessions spoiled from the church by his grandfather Victor Emmanuel. But the Supreme Pontiff did not draw the line on Kaiser Wilhelm and King Edward, Protestant princes. In the case of the latter he even dispensed with a ceremony hitherto considered indispensable in granting audience to visitors. The impression conveyed by the refusal of His Holiness to receive President Loubet, therefore, is that the harsh measures taken against the religious congregations in France are responsible for the doors of the Vatican being closed to the head of the French Republic.

The significance of it lies in the fact that France is the guardian of the interests of the Catholic church in Asia and Africa, particularly in the Holy Land. It has been frequently stated that the German Kaiser is anxious to become the Catholic protector in the Dominions of the Turk, and his ostentatious visit to Jerusalem some years ago was credited to his desire to supersede France as the diplomatic sponsor of the Vatican in the East.

The fact that Wilhelm is a Lutheran and a schismatic might be regarded as insuperable, but M. Loubet is not a Catholic himself although he is the official head of the chief Catholic nation of the world. The crux of the situation is that the German Emperor has been steadily drawing nearer to the head of the Catholic church for several years while the governing authority in France has been steadily drawing away. France is not less Catholic than before, but the policy of the French government is to break down the authority of the hierachy. Hence the expulsion of the congregations and the suppression of their schools.

Probably the Kaiser is looking to the expected dismemberment of Austria in re-establishing close and cordial relations between the Empire and the Papacy. There are already eighteen millions of Catholics in Germany, and if the dissolution of Austria were to occur there would be upward of twelve millions more of Catholics in Upper and Lower Austria, Silesia, Bohemia, the Tyrol, Istria and Carynthia which would fall naturally to the German Empire, provided there was no diversion. It is known that the Kaiser dreams of extending his sway from the Baltic to the Adriatic, which would give him a right to meddle in Mediterranean politics, but in furthering his designs in Southern and Eastern Europe, he must consult the Vatican. He is doing it assiduously, and apparently is intriguing to place the imperial house of Germany in rapport with the See of Rome.

EXTRAVAGANCE AND DISCRIMINATION.

If the Commissioner of Indian Affairs is discriminating against San Francisco merchants to the extent of paying Eastern firms higher prices for the same articles, it is a matter which interests the whole country. The Commissioner has no right to give away the public money to favor particular firms or localities. If he is doing so, as is specifically charged, his conduct should be brought to the attention of the Secretary of the Interior. It is charged that sugar is bought of Omaha merchants for 17 cents a hundred pounds more than San Francisco merchants offered to lay the same quality down at the same place for. This is a discrimination against the government of nearly five per cent. It is also asserted that the same discrimination is shown in the purchase of other supplies for the Indian Bureau, the higher price being paid to preferred Eastern firms. Proof of such dealing, which ought to be easily obtained, should be laid before the President. Besides being an injustice to San Francisco merchants, the practice of paying higher prices to favored dealers is an extravagance that strongly savors of graver impropriety. Such laxity in official methods calls for investigation and correction.

John Wilkes Booth, the assassin of Abraham Lincoln, has died again. This time he is represented to have killed himself in Oklahoma. The recrudescence of Wilkes Booth at different places and under scores of names has been a favorite fake ever since the supreme tragedy of the Civil War. These fakes are wholly inconsistent with each other and with the established facts of the pursuit and killing of Booth in the Garrett barn in Virginia. There is no question that Booth was killed there and his body taken to Washington. After the removal of the head, Edwin Booth claimed the body and had it quietly interred. If people would take the trouble to ascertain the facts of record, they would not so easily be misled by masqueraders or persons fond of conjuring up mysterious romances.

RUSSIAN LAND LAWS.

The Russian Ambassador's charge that the Jews refuse to live in the country or engage in agricultural pursuits is a characteristic bit of Moscovite duplicity as is shown by the following digest of laws adopted in 1882:

Landed estates, including also land which has been apportioned to peasants for their permanent use, cannot be sold to Jews. (Volume IX law on statues, supplement I to section 330 (note); section 3, 1887.)

Land and other appurtenances belonging to an estate, and which are not part of allotments made to peasants on their emancipation, may not be sold to Jews. (Ibid., section 4, supplement ibid.)

Estates in the western and Baltic provinces, formerly belonging to the Jesuits, and which have to be sold by auction to satisfy the debts of their owners, cannot be bought by Jews. (Volume VIII, law on the administration of crown property in the western and Baltic governments; supplement to section 1 (note 1) section 7.)

Jews are not admitted to the public auctions of crown land. (Ibid., supplement to section 2 (note 2), section 6.

Jews are not permitted to attend the public auctions of property mortgaged to banks, and forfeited for non-payment. (Volume XIII, law of common aid, supplement to section 165 (note 2), section 3, 1857.

Jews are not permitted to public auctions of allotments of land forfeited by peasants who have made default in payment of serfdom commutation tax, or state land tribute; or in Bessarabia, their land rate. (Rules about the peasantry, special supplement to volume IX: rules on distress, section 135, 138; rules on peasants belonging to the state, supplement to section 15 (note 1), section 7; rules about the "Tsarani" (peasants in Bessarabia), section 95; section 5.)

All Jews without exception, are prohibited from purchasing landed property from land owners or peasants in the nine western gubernia. (Note 3 to section 559, volume IX, law on statues 1886.)

The legal restrictions against the Jews owning or leasing land are verified by the American Ambassador to Russia. Rev. Peter MacQueen, who personally investigated the conditions of the Jews in Russia, gives in detail the restrictions imposed upon that unhappy race. In some provinces they are not even allowed to cultivate lands as owners or tenants or to cultivate leaseholds with hired labor or tenants. When they return from service in the army they are robbed of their discharge papers and then flogged and exiled for living within the proscribed pale. Thus the machinery of the law is juggled against them by the government's emissaries.

It is significant also that the uprising against the Jews at Kishineff was fomented and urged on by a subsidized government organ.

It seems that the story of General Joe Wheeler getting the marble heart at the Confederate reunion in New Orleans was a fake. It all grew out of some good natured chaff about the little cavalryman's ostentatious wearing of his uniform as retired general of the United States army among his old comrades of the gray. He was not slighted at all, but Union as well as Confederate soldiers remarked that it would have been in better taste for him to have staid away from the re-union or left his uniform at home. There was an irreconcilable incongruity between his garb and his company.

After being out nine weeks it is reported that about half the striking cotton mill operatives in Lowell have returned to work at the old wage scale. This means that the strike is a failure. Before the strike was ordered the mill owners made a showing of their books to a committee of the operatives to prove that they could not afford to pay the increase of ten per cent in wages demanded; nevertheless the operatives were called out. For sixty days the 18,000 operatives have suffered a loss of over $20,000 a day by being compelled to remain idle, a total of over $1,200,000 lost in wages alone. No doubt the losses of the mill owners have been proportionately heavy. Had the ten per cent increase been granted as a condition of the operatives returning to work, which it has not, it would take over seven years for the increased pay to make up for the nine weeks idleness.

THE MACDONOUGH MEETING.

It is not surprising that the citizens of Oakland should respond to the call of humanity, but it is none the less gratifying that they did so with such warmth and unanimity in the matter of the outrages perpetuated on the Jews in Russia. The meeting at the Macdonough Theatre was imposing in numbers and the character of the audience, and the speeches, as well as the resolutions adopted, were keyed to a high strain. There was no vulgar denunciation in the horror expressed at the atrocities committed against a defenseless and alien people, but there was firm, dignified remonstrance against a governmental system under which such crimes against humanity and religious freedom are possible. The meeting was in every respect an honor to Oakland to the cause in which it assembled.

In recanting his silver views Dr. E. Ben Andrews almost becomes guilty of ingratitude. After he lost his job as President of Brown University Dr. Andrews was called to the Presidency of the University of Nebraska through Bryan's influence. We would not assert that Dr. Andrew recanted the silver heresy because Bryan has lost honor as a prophet even in his own country, but there are folks who can't think and talk. People who can't count five can put two and two together without the aid of a gluepot.

The complaint about the importation of French wines does not seem to be well grounded. The custom house returns show that we import less than one-third the French champagne we consume. These figures do not indicate that the cider-makers are getting the worst of it.

Then why have you waged
Such war with the glance called 'glioux-glioux?'"

"I haven't," asserted Miss Lou,
Beginning to sob and bou-hou,
"It's quite a mistake,
But easy to make.
My eyes—can't you see?—are askou!"

"Farewell," moaned the agonized Sioux,
As sadder and sadder he grioux.
My heart has been lost
Through your eyes being crossed!
Adioux!" and flioux from her vioux.

AMUSEMENTS.

Idora Park is a success in every particular, its many departments of attraction being new and intensely interesting. The theater has a number of stars direct from the East, who are delighting the audience with the variety and originality of their respective acts. Rosalie, the famous coon singer, captivates her hearers, and Harry Sylvester, the great whistler, is very much appreciated, all the more because his songs are illustrated. The great La Vails, silver chair gymnasts, perform very cleverly, and Kelly and Davis, as Irish millionaires, are two of the best mirth-provoking comedians in their line. The most wonderful feature at the theater is the cycle maze, in which Gus Seyfried and Forest Mc-Hector astonish every one with the daring and hazardity of their positions while riding. The moving pictures are also thoroughly enjoyed by all. The admission to the gallery is free, the dress circle 10 cents, and the orchestra 25 cents. There will be a balloon ascension and 100-foot dive every afternoon and evening this week. This evening will be the first amateur night. To go to Idora Park take Telegraph or Shattuck avenue cars.

DEWEY THEATER.

The popularity of the Dewey Theater under the new management and with a first-class bill of attractions is attested by the steady increase of patronage each night, and if the present rate continues the house will soon be packed nightly.

All of the acts this week are unusually good and are accorded a hearty applause. Frank Cushman, the sole survivor of Haverly's original minstrel troupe, has shown himself to be as clever in vaudeville as he is in minstrelsy. His monologue is a pleasing mingling of refined jokes and good songs. The Wilson family continue to captivate the audience with their clever stunts. They never fail to get an encore.

If Sue Blanchard was willing the audience would keep her singing her baritone songs all night. She has made good here. Primrose and McIntyre are the real articles in the comedy line and have the audience laughing continually. Marsh Craig and Kraton are marvelous in their feats and get their share of the applause. Hayward and Hayward continue to please with their comedy songs and dances and Zarelli's act on the slack-wire is well received every night. The bioscope concludes an interesting program. Next week there will be an entire change of attractions and the new bill will be one of vaudeville treats.

MARY MANNERING.

At the Macdonough Theater, June 9 and 10, the beautiful and gracious Mary Mannering will star in Clyde Fitch's popular play, "The Stubborness of Geraldine." The most realistic picture of life on shipboard ever presented on the stage is said to be presented in the first act of this play. Not only has the author drawn with characteristic acuteness every type of the fellow travelers encountered by those who take the transatlantic passage, but every detail of the promenade deck and superstructure of a great ocean liner is shown in absolute fidelity.

ALLISON INQUEST IS POSTPONED.

Coroner Mehrmann last night postponed the inquest in the case of William Allison, the Elmhurst real estate dealer who died last Thursday as a result of an injury said by his wife to have been caused by his falling on a tea cup. The inquest was postponed another week.

Coroner Mehrmann succeeded in finding Mrs. Mary Chambers yesterday at her home in Fruitvale. He took her testimony last night and contrary to expectations, it was not of a sensational nature. Mrs. Chambers declared that she had never said that Allison had been struck on the head with a hatchet and further states that she did not see the brother, George Vernon about the house.

CONTEST OVER ESTATE.

Opposition to the petition of Mary A. Smith for letters of administration on the estate of Lois M. Apgar was filed yesterday with the County Clerk in behalf of Cora Curtis, a niece of the deceased. Mrs. Lois Apgar died in Santa Barbara County, May 17, this year, leaving personal and real property to the value of $10,500. The heirs at law are Mary A. Smith, a sister, and Joe Haynes, Jessie Nauman and Cora Curtis, the three children of a deceased brother. The cause for the objection is based upon the fact that Mrs. Smith is over 80 years old and incapable of managing the estate.

The Owl Drug Store

The new Owl Drug store is the most modernly equipped drug store in Oakland—well located and filled completely with everything sold in drug stores. Owl prices are the standard cut rates by which other drug stores are guided and just as soon as the Drug Trust can force The Owl to raise, up will go the medicine prices all over the State.

Cut prices are still down and they probably will be for a long time to come for The Owl has no intention of paying any attention to the Drug Trust or its demands.

STEAMER ARRIVES WITH SUGAR.

OIL PUMPING PLANT HAS BEEN INCREASED—NEW SHOPS AT RENO.

The steamer Nebraska has arrived at the long wharf with a large consignment of sugar from the Hawaiian Islands for Eastern refineries. A portion of the cargo has been discharged and a train of fifteen cars loaded with the sugar passed through the West Oakland yard yesterday en route to the East.

An unusually large amount of sugar has been arriving during the past ten days and scarcely a day passes but what a train of sugar is sent East.

NEW OIL PUMP HAS BE IN INSTALLED AT PLANT.

A new oil pump has been installed at the oil pumping plant near the big tanks and is ready to relieve the old one at any time the occasion should require it. The purpose of having two pumps was to prevent any possible delay being caused by a break down. The two monster tanks are now fifull of oil and all of the oil cars are going to Melrose to discharge their cargoes.

TO ESTABLISH NEW SHOPS AT RENO NEVADA.

Railroad shops which will give employment to between 450 and 500 men are to be established by the Southern Pacific Company as soon as possible at Reno, the largest town in Nevada, which has a population of 6000.

These new shops are to take the place of the small ones now at Wadsworth, Nev., which by the new survey, has been left two miles off the main line, and to take the place also of the roundhouse and little shops at Truckee. By this arrangement Reno, instead of Wadsworth, will be the junction of the Sacramento and the Salt Lake divisions. By this plan the Sacramento division will be shortened on its eastern end, while the Salt Lake division will be lengthened on its western end. The Wadsworth shops are in a building 200x75 feet with a roundhouse adjacent, and they have been employing about 200 men. At Truckee the snowfall has always been so heavy as to hinder winter work, while at Reno the climate is mild. The new shops at Reno will be in a building 250 by 120 feet.

With the completion of the new shops at Los Angeles it is probable that a good deal of the work will be taken from the Bakersfield shops on account of the summer heat here. Still, the Bakersfield shops will not be abandoned.

The Southern Pacific Company has shops in eight places on this Coast, giving employment to an aggregate of 5700 men. Their location and the number of men employed are: Sacramento, 3000; Los Angeles, 800; Oakland, 500; Reno, 450 to 500; Ogden, 350; Portland, 300; Bakersfield, 150; and San Francisco, 150.

NOTES AND PERSONAL GATHERED ABOUT THE YARD.

Carl Havens of the machine shop is on the sick list.

George Goodwin has gone to Mendota, where he will take the place of Charles Irish, who is off on his vacation.

William Newson, formerly night engineer of the stationary engine, has been assigned to the post made vacant by the death of John Marrow.

A large piledriver is being rigged up in the yard to go to Petaluma for construction work.

Machinist Hoffman has resigned from the machine shop and will go to the Rocklin stone quarries.

P. J. Flynn, foreman of the back shop, has returned from a three days' visit to Gilroy.

The injector crew will commence on a ten hour day next Monday.

Andrew Hyde, master mechanic at Port Costa, paid a visit to the machine shop at West Oakland yesterday. His trip was one of business and pleasure combined.

Levi Stokes, an old engineer of the Southern Pacific Company, but now running an engine on the Santa Fe, visited the shops yesterday.

Louis Amundsen, who has been acting as master mechanic at Stockton for the past ten days, has returned to the West Oakland shops.

LIVES ON AN ALIEN.

Gracie Plaisted, the distant soubrette, who was for two years the idol of the theatre goers in Oakland, is now at Rodeo, living in a home of arks. Her home is called "The Ark" and is situated on the bay where the large oil refineries are built.

A year ago Gracie married George Bartlett whose business interests now require that he stay at Rodeo, and the people wonder how this little Tivoli favorite can live in such an out-of-the-way place after her eventful life on the stage. But she seems to like the exercise of clam digging and the little work in her vegetable garden and is very happy and contented.

PRISON REFORM.

SAN JUAN, P. R., June 4.—As a result of Governor Hunt's investigation of the penitentiary affairs, Warden Castro, a prominent politician, has resigned and three jailers have been discharged. A reform of the loose prison system of the entire island is promised.

EXPERT TESTIMONY.

Coffee Tried and Found Guilty.

No one who has studied its effects on the human body can deny that coffee is a strong drug and liable to cause all kinds of ills, while Postum is a food drink and a powerful rebuilder that will correct the ills caused by coffee when used steadily in place of coffee.

An expert, who has studied the subject, says: "I have studied the value of foods and the manufacture of food products from personal investigation and wish to bear testimony to the wonderful qualities of Postum Cereal Coffee. I was an excessive coffee drinker, although I knew it to be a slow poison. First it affected my nerves and then my heart but when I once tried Postum I found it easy to give up the coffee, confirmed coffee fiend though I was.

"Postum satisfied my craving for coffee and since drinking Postum steadily in place of the coffee all of my troubles have disappeared and I am again healthy and strong.

"I know that even where coffee is not taken to excess it has bad effects on the constitution in some form or other and I am convinced by my investigation that the only thing to do if health and happiness are of any value to one is to quit coffee and drink Postum." Name given by Postum Co., Battle Creek, Mich.

R. M. FITZGERALD ON WARDENSHIP

PRISON DIRECTOR SAYS NO CHANGE HAS BEEN DECIDED UPON.

The Call this morning published an article to the effect that the Board of State Prison Directors had decided to retire Warden Aguirre from charge of the penitentiary at San Quentin on July 1st, and to substitute for him Captain J. C. Edgar, who, for fifteen years, had been captain of the yard at the penitentiary. Little more than a year ago and before charges made by the Call against Aguirre were brought into court. Edgar resigned from his position but, since his retirement, he has filed an application to be appointed to the position now held by Aguirre.

The article in the Call was brought to the attention of R. M. Fitzgerald of this city, who is president of the State Board of Prison Directors. Mr. Fitzgerald was asked if Aguirre was to retire at the end of this month and whether or not Edgar was to be the next Warden. His answer was as follows:

"Not that I know of. If Captain Edgar has been selected it has been done by the other members of the board. I know nothing about it. I know that he has been a candidate for the position. I know that no former action has been taken by the board in the matter because it was decided that the subject would not be discussed until after the return from the East of Senator Felton. Governor Pardee met the board a few days ago and placed the matter of the Wardenship in the hands of the board. All that we have done is to agree to give a hearing to all applicants for the position.

"Are there many candidates? Oh, yes, there are quite a number. I do not know that I can name them off-hand now. As I recall them, the candidates are Burr of Los Angeles, ex-Sheriff Hammill of Los Angeles, Captain Peterson of Oakland, Captain Martin of San Francisco, Captain Edgar and perhaps some others."

Mr. Fitzgerald was asked as to what was the feeling of the board with respect to Warden Aguirre, and replied that the feeling was very friendly indeed. He declined to state, however, as to whether he himself favored a change in the position in question. Several weeks must elapse before Senator Felton returns from the East.

HOMES FOR BLIND CONTRASTED.

LOCAL ASYLUM LEADS STATE INSTITUTIONS IN THE EAST.

Superintendent Joseph Saunders of the Industrial Home for the Adult Blind, has returned from a trip to the eastern part of the country during which he visited several institutions of the same character as that over which he presides. One of these was a school for the blind in Philadelphia, in which he had formerly taught. Another was a home in Chicago. He went away with the idea that his own was the baby institution for the blind, but returned surprised with the consciousness that it is the largest in the number of inmates and work of those he had visited.

In the Philadelphia institution three-fifths of the patients were non-residents in the institution. In the Chicago home there were only 27 inside patients out of 93 who worked at the place, while here nearly all those who avail themselves of its advantages are permanent inmates and work regularly in its shops.

In the eastern institutions, as in the case here, the principal industry is the making of brooms, and, in this respect, Mr. Saunders says the California home has a decided advantage. Mr. Saunders is able to sell all the brooms made by the local home at a profit, whereas the brooms back East are sold at a loss, the deficit being made up by the State.

Mr. Saunders says the Board of Directors of the California home have received a number of letters inquiring as regards the manner in which the home is managed and that when the information is given, it invariably causes expression of wonderment as to the results obtained. This was particularly the case with the Perkins Home in Boston which is the oldest institution of the kind in the country.

ANOTHER MERGER.

NEW YORK, June 4.—According to the Herald, a complete merger of the Canada Southern Railroad with the Michigan Central was effected yesterday at the special stockholderes' meeting held in St. Thomas, Ont. It is said to have been effected by a lease of the Southern to the Central for 999 years.

There was some opposition on the part of minority stockholders, but the Vanderbilt interests were able to control about two-thirds of the stock.

The new lease succeeds a former which expires December 31. Its life was twenty-one years and provided for the operation of the company's lines in connection with the Michigan Central, the gross earnings of the whole system to be applied first to the payment of the operating expenses and fixed charges of the companies and the net surplus to be then divided in the proportion of two-thirds to the Michigan Central and one-third to the Canada Southern.

Under the new lease the Michigan Central, it is said, will guarantee 2½ on Canada Southern stock until 1919 and 3 per cent after that date.

Directors of the Canada Southern will be vested with power to issue bonds to retire first and second mortgage bonds maturing in 1908 and 1913.

UNITED WORKMEN.

Central lodge, No. 251, A. O. U. W., met Monday evening, June 1, and a very enjoyable evening was spent by the large crowd who attended. Speeches were made by E. Murphy, J. Driscoll and A. Foster in the good of the order. Music was furnished by the Brook's band and songs sung by T. Lawerance and D. Harkins. The hit of the evening was a song by C. Gilman entitled "Exposure."

AMERICAN YEOMEN.

The Brotherhood of American Yeomen held a very successful meeting last Tuesday evening and several applications for membership were handed in. The members were glad to hear of brother Archer Scoville's improvement. Lady Rowena served strawberries with cream and cake in the banquet room and all enjoyed the dainty repast. The next meeting will be held Tuesday, June 9, at which time tickets for the dance will be on sale.

TRIBE OF BEN HUR.

Oakland Court, No. 6, Tribe of Ben Hur, met as usual last Monday evening at their hall, 1060 Broadway. Over one dozen applications for membership were presented by Deputy Mason Summers, who is meeting with great success in building up the order. Fourteen candidates were initiated in due form by the degree team. Brother W. H. Roberts, who has been very ill, was reported to be improving. Guy R. Church and Mrs. Alice Donahue were reported on the sick list, but slowly improving.

IVY LODGE ELECTION.

Ivy Lodge, No. 4, Degree of Honor of the A. O. U. W., held an important meeting in their commodious lodge room in Fraternity Hall last Wednesday evening. A large attendance of the members were present, much interest being taken in the annual election of officers, which took place that evening. The following are the officers for the new term, all elected by acclamation: Mrs. Julia Jones, past chief of honor; Miss Josephine Butler, chief of honor; Miss Katherine Gartner, lady of honor; Mrs. Theresa Schmitt, chief of ceremonies; Miss Bertha M. Clark, usher; Miss Belle McTavish; inner watch; Mrs. Mackey, outer watch; Mrs. Louise L. Holmes, organist, and Mr. O. Whipple, trustee.

The farce, which is now in practice, will be produced on Wednesday evening, the 17th inst., having been postponed one week. It promises to be a success. The tickets are out and are for sale by the members for ten cents each. The entertainment will be under the supervision of Sister Bertha M. Clark and will end with a social dance, and all who attend are promised a very pleasant evening and general good time.

Among those present particularly noticed last evening were the retiring Deputy Sister Morrell and the new incoming deputy, Sister Van Court. Mrs. Morrell gave a particularly touching farewell address and paid many eulogistic tributes of affectionate appreciation to Sister Van Court.

These two ladies are dearly beloved by all the degree of honor. We part with Sister Morrell as deputy with affectionate gratitude for all her good work and congratulate ourselves on her worthy successor, our own dear Sister Van Court of Ivy.

FOUNTAIN LODGE, I. O. O. F.

Fountain Lodge, No. 198, I. O. O. F., met June 1, and had a good attendance of members and visiting brothers, who spent a pleasant evening.

The following brothers were elected officers for the next term: W. G., O. R. Seeborg; V. G., O. Chalgren; recording secretary, W. T. Bellars; financial secretary, O. G. Rohl; treasurer, N. J. Swenson; trustee, F. White; representative to Hall Association, Al Legault.

Harmony prevailed and many appropriate speeches were made by the officers-elect and visitors. Representatives to the grand lodge, which met last month, gave a synopsis of the proceeding, the most noticeable being the assurance that the new Odd Fellows' home in Santa Clara county would be built in the near future, and would be a large ornamental stone building that would meet the requirements of the order for ages.

The committee on the ball reported it had been a social and financial success, the general relief committee being the recipient of the balance after paying the expenses.

The treasurer submitted his report, which was as usual found correct, and was adopted and filed.

A proposition for membership was received and referred to a committee.

There will be a drill of the initiatory team on May day, June 8. Drill Master P. G. Price expects every member to be on hand.

YOUNG LADIES' INSTITUTE.

The next regular meeting of the Young Ladies' Institute, No. 15, is to be held in Pythian Hall, June 11th, at which time twelve candidates will be initiated into the order. A pin and emblem of the order has been offered to the member bringing in the most members in the next six months and they have already begun the earnest work. District Deputy Grand President Mrs. K. V. Doyle paid an official visit to this branch last month.

FORESTERS NO. 1,237.

Court Oakland, No. 1237, Independent Order of Foresters will shortly celebrate the passing of the tenth milestone of its onward progress. During this period, with an average membership of 143, only three deaths have occurred in this court, two of which were accidental. This is a source of much gratification to the membership, evidencing as it does the fact that none but the best risks are taken, and the thoroughness of the medical examination. The membership of the Independent Order of Foresters in the State of California is over 11,000, divided among 167 courts, and the surplus funds of the order amount to the enormous sum of $6,594,316.64, which is increasing at the annual rate of over $500,000. Surely this is a record to be proud of.

There is some talk of organizing a baseball team among the members of Court Oakland, No. 1237, I. O. F. Several of the younger members are evincing much enthusiasm over the project, and talk of endeavoring to form a "Fraternal Baseball League" from among the other lodges around the bay. They think the Foresters' nine would be a hard combination to beat in the race for the fraternal pennant.

Court Oakland, No. 1237, I. O. F., is endeavoring to prove the fallacy of the old biblical prophecy that "a house divided against itself cannot stand," inasmuch as they have divided the membership into two factions, each of which is struggling in friendly rivalry to "down" the other in the matter of obtaining the greatest number of new members in a given period. The result of their labors has been very gratifying. The victors in the contest are to be banqueted by the vanquished.

SONS OF ST. GEORGE.

At its regular meeting on Tuesday evening, Albion Lodge installed its officers for the coming term as follows: President, Brother Peddle; vice president, R. E. Ewart; messenger, F. Taylor; assistant messenger, Brother Adsit; chaplain, A. Lewis; secretary, J. J. Roberts; assistant secretary, W. Fish; inside sentinel, L. C. Gilchrest; outside sentinel, T. Reeves.

After the installation the lodge, including a good many visiting brothers, indulged in ample refreshments provided by the officers of the lodge.

The newly elected president, Brother Peddle, delivered an able and fraternal speech, which seemed to inspire the members with an enthusiastic and harmonious desire for the welfare and advancement of Albion Lodge, which has not been felt by the members for many months. And it is the desire of the president-elect to make this term the "banner term" of the lodge, and he is backed up by all of the members of the organization, and to help on the feeling of interest in getting new members a valuable prize has been offered as a premium, of which more particulars will be given later.

Deputy Grand President Brother Bell of Alameda impressively installed the new officers. A challenge was received during the evening by the debaters of Clan McDonald to meet them in debate on a near date, which challenge was accepted, and the subject decided to be, "Resolved, That a Limited Monarchy is the Best Form of Government." Great interest is centered in the event, as there will be a tongue-battle royal between the canny Scotties of Clan McDonald and the veterans of Albion Lodge.

The remaining hours of the evening were spent in jovial fashion, characteristic of this most progressive organization.

OAK LEAF ANNIVERSARY.

The silver anniversary of Oak Leaf Lodge, No. 35, was appropriately celebrated on Monday evening, June 1st, at Hamilton Hall, Grand Foreman Dunton, a past master workman of this lodge, in the chair. A large number of Workmen and their friends were present and a most interesting program was submitted for their entertainment.

The proceedings were opened by Chairman Dunton with a few remarks, in the course of which he read a letter from Past Master George C. Pardee, in which the writer expressed his regard for Oak Leaf Lodge, No. 35, and disappointment at being deterred from being present by pressure of official business.

Professor Dohrmann added to the interest of the musical part of the program by an organ solo which was followed by an address by Deputy Grand Master Workman D. Hirschberg, the first master workman of Oak Leaf Lodge. Brother Hirschberg, in his remarks, scanned the progress of Oak Leaf Lodge since its inception twenty-five years ago. He pointed out the benefits that the community at large has received through the good efforts of the members of Oak Leaf Lodge, and pointed out how the sick had been cared for; the distressed relieved; the bereaved ones cheered.

Miss Mary Chester Williams then delighted the audience with two selections and an encore, in which her clear, sweet soprano voice was heard to full advantage. Miss Hibberd followed with a violin solo and her tone and technique showed the skill she possessed in making the king of instruments do her will.

Grand Master Workman Browning addressed the meeting and gave a clear succinct statement of what workmanship is and what it is doing in our midst, he spoke of the amazing growth of the order from a few thousand when Oak Leaf Leodge, No. 35, was instituted, to the immense roll now of nearly half a million members.

Brother W. I. Oakes of Oak Leaf Lodge charmed the audience with his silvery tenor voice and a recall demanded an encore.

Mrs. Caroll Nicholson's fine contralto voice filled the hall with a volume of sweet sound that thrilled her listeners so that an encore was demanded even after a double number.

Harry Richards sang a base solo and his voice was well appreciated by the company present.

Past Grand Master Workman Snook of Pacific Lodge, No. 7, spoke at some length on the good work achieved by the brother lodge, and drew attention to the fact that Pacific and Oak Leaf Lodges went hand in hand for the good of the order.

Miss Bertha Clark recited "The Flag" in a most thrilling manner, displaying well her elocutionary powers and gave a humorous sketch as an encore. Grand Foreman Dunton addressed the audience on the value of fraternal insurance and of fraternal institutions generally, and anticipated being present at Oak Leaf's golden jubilee.

Mr. Culvert, the comic sketch artist, amused the audience for a few minutes with a hearty laugh.

Past Master "Sam" Booth read his original poem of "Oak Leaf, No. 36," and sang as an encore an original song for the especial benefit of Grand Master Browning.

The proceedings terminated at 11 p. m. and Oak Leaf Lodge, No. 35, has now entered on a second quarter century of useful work for the benefit of mankind with the firm resolution that in twenty-five years from now still more pleasant things can be said of Oak Leaf Lodge, No. 35."

HARBOR LODGE, I. O. O. F.

Harbor Lodge No. 258, I. O. O. F., held a well attended meeting on Wednesday evening, June 3. It was the sad duty of the noble grand to report the death of Brother Past Grand H. E. Cripps. The lodge decided to attend the funeral services, to be held Friday, June 5, at 2 p. m.

Election of officers for the ensuing term resulted in the election of Brother Ed. McGuire, noble grand; Brother Archie K. Crossman, vice-grand; F. L. Gove, recording secretary; F. W. Keller, financial secretary; Robert Graham, treasurer; Brother A. J. Nor trustee (eighteen months); Brothers Dr. F. Wilkes and Dr. L. S. Burchard, medical examiners; Brother Joseph Boardman, organist.

The report of the Grand Lodge representatives was laid over for one week.

UNITED WORKMEN.

The regular weekly meeting of Pacific Lodge, No. 7, A. O. U. W., takes place this evening at Fraternal Hall, 1165 Washington street. At the last meeting, Thursday evening, officers for the ensuing term were elected.

The lodges which meet in the central part of Oakland propose to give a grand "smoker" on the evening of June 11th in Fraternal Hall, 1165 Washington street. The Committee or Arrangements promises a good time.

Grand Master Browning leaves for St. Paul, Minn., tomorrow to attend the session of the Supreme Lodge, which convenes in that city on the 10th instant. The representatives from this jurisdiction are Past Masters Hirschberg, Freeman and Morrison.

Haywards Lodge, No. 18, initiated a class of forty last Tuesday evening. Grand Master Browning is a member of that lodge.

The Alameda County Extension Committees Association will hold their regular meeting next Monday evening with Oak Leaf Lodge, No. 35, in Fraternal Hall, 1165 Washington street, when officers for the ensuing year will be elected.

WOODMEN MEMORIAL DAY.

On next Sunday, June 7, at 1:30 p. m., the members of Oakland Camp, No. 94, with their friends and other Woodmen, will meet at Woodmen Hall, 521 Twelfth street, and will then take special cars at Fourteenth street and Broadway, at 1:45 p. m., and proceed to Mountain View Cemetery, where appropriate exercises will be held and the graves of all the deceased Woodmen will be decorated with beautiful flowers. This is the day that is observed by all the camps of Woodmen throughout the United States and the services are especially interesting. Neighbor E. E. Baker, pastor of the First Presbyterian Church, will deliver the address at the cemetery and the Hon. F. B. Ogden will speak at the unveiling of the monuments of deceased neighbors Kelley and McGeary. Dr. George H. Derrick will deliver the poem. The music for the occasion will be furnished by Professor Kern's quartet. The exercises will be under the supervision of Thomas M. Robinson, master of ceremonies. All woodmen are cordially welcome to be present.

Next Friday evening the degree team and officers of Oakland Camp, No. 94, will be the guests of Wedgewood Camp of Berkeley. A splendid program has been prepared to commemorate the thirteenth anniversary of the order. After the initiation of the large class of candidates a banquet will be served. Woodmen who desire to attend will meet at Woodmen Hall at 7:30 o'clock p. m. of that date.

The same team will also be the guests of W. L. Temple Camp of San Francisco on June 10, the officers and team leaving on the 7 o'clock train, broad gauge, for San Francisco.

GOOD TEMPLARS.

El Capitan Lodge No. 221, I. O. G. T., will hold their entertainment tomorrow, Friday evening, at Ben Hur Hall, 1060 Broadway. A fine program has been prepared, consisting of vocal and instrumental music. A prominent feature of the entertainment will be a detachment of soldiers of A. V. R., N. G. C., in full uniform, carrying their arms and equipments. Captain King will be in command in person, while Lieutenant Darnell and several non-commissioned officers and privates will make up the detachment.

This company is the only organization in existence of soldiers who fought with Grant, Sherman, Sheridan, McPherson, and who are armed and members of the army or National Guard. These old boys will sing some of the old war songs of '61 and '65, bringing back some of the patriotism and enthusiasm that stirred the American hearts in the 60's. This will be the most realistic scene ever witnessed in an entertainment of this kind.

El Capitan Lodge has given up its hall on Fourteenth street, near Twenty-third avenue, and will meet this Saturday evening, June 6, over the store on the corner of Tenth street and Twenty-seventh avenue, at which time the matter of change of night of meeting will come up and other important business. A full attendance is desired.

PORTER LODGE, NO. 272.

McMurtry; recording secretary, C. W. Norcross; financial secretary, W. F. Woods; treasurer, John Turner; trustee, Charles N. Fox.

After the election the third degree was conferred upon two brothers before a large number of members and visiting brothers.

DEATH DUE TO ACCIDENT.

Last evening the Coroner's Jury determined that Thomas Joyce, the Southern Pacific engineer, who was found dead Saturday morning in his front yard, died from the effects of a fall from the steps at his home. He sustained a broken neck. The cause of the fall was not determined. John Dolan and Jack English, who were with him in the drunken debauch of the night before, testified that they knew nothing of Joyce's fall.

FEARFUL FOR THE WATER SUPPLY

PLEASANTON TRUSTEES ARE CONFRONTED WITH A SERIOUS PROBLEM.

PLEASANTON, June 4. — Pleasanton people are much worried over the small amount of water in the reservoir.

The Town Trustees are having plans and specifications made for a large sump at the reservoir, in which six wells will be dug to furnish the town with a larger supply of water. The trustees have sent out the following notices to consumers.

"Water is now being used to such an extent that, if continued, the reservoirs will be entirely empty by Saturday night, and the entire town will be at the mercy of a fire, if one should start. The daily consumption is over 25,000 gallons more than the supply at present. Over 40,000 gallons are being used every night between 5 p. m. and 6 p. m. Much of this is wasted and the trustees fell it necessary to call upon the people of Pleasanton to assist them in this matter. It is to the financial as well as other interests to have a sufficient supply of water for the fire department, if needed."

THE FOLLOWING LETTER SPEAKS FOR ITSELF.

Robert Morgeneier
Chemical Engineer, Etc.,
524 East Eighteenth St.

Oakland, Cal., June 1, 1903.

TESLA COAL COMPANY
Foot of Madison Street,
Oakland, Cal.

Gentlemen:

A practical test of the "TESLA" briquettes, shows following results, viz:

First—That they contain over 60 per cent of Carbon and consequently are to be classed with the high grade coals.

Second—That the proportion and quality of the cementitious bitumen employed in their manufacture, renders them a PERFECTLY FREE BURNING, practically smokeless fuel, the combustion of which, in any ordinary stove, range or open grate, is complete.

Third—That compared with the coal briquettes of France, Austria, Germany, and Belgium, the "TESLA" are superior to these in heat units, cleanliness, weight and low volumn or bulk of ash.

Fourth—That at the delivered price of $6.00 per ton of 2,000 pounds, they are undoubtedly the best and cheapest domestic fuel offered on any market in the UNITED STATES.

As prospective consumers may be interested in a statement of the actual use and cost of a certain quantity of this fuel, I will state the following particulars.

With 1,000 pounds "TESLA" briquettes, burned in 30 consecutive days, in one six-cover "Detroit" steel kitchen range, there were cooked 120 full meals for a family of four adults, or a total of 480 meals, at a COST OF LESS THAN ONE CENT PER MEAL PER PERSON.

Hot water for one Bath-tub and 3 wash stands, hot water for family washings and ironings heat therefore, was also furnished—or, in other words, all the heat required for domestic purposes in a household composed of four adults, costs, when using "TESLA" briquettes, 10 CENTS per day.

Yours truly,
ROBERT MORGENEIER.

WALKS ON LAWN BAREFOOTED.

OLD GERMAN CAUSES ALARM BY TRYING REMEDY FOR HEALTH.

ALAMEDA, June 4.—This morning, about 6 o'clock, Mrs. James A. Waymire, of Buena Vista avenue and Walnut street, was awakened by a series of uncanny yells that came from her front yard. She peered out of her chamber window and saw a man walking around on the lawn in his bare feet, at intervals giving a wild jump and a yell. She feared the man was insane and might do something dangerous, so she telephoned to the police station for assistance. Officer Theodore Anderson was immediately sent up to the Waymire home to investigate the matter. He found an old German prowling around in the grass in his bare feet. The patrolman took the fellow down to the ... where he gave his name as Louis Gottschalk, of Willow street. The man said that he had been to a sanitarium ... for his health. On leaving the ... been advised him to walk around in the grass barefooted every morning before the dew was dried off. He had selected Judge Waymire's beautiful lawn as a very desirable spot to try the famous German cure.

As the man seemed to be perfectly harmless the police released him later this morning.

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by Lydia E. Pinkham's Vegetable Compound.

"Gratitude compels me to acknowledge the great merit of your Vegetable Compound. I have suffered for four years with irregular and painful menstruation, also dizziness, pains in the back and lower limbs, and fitful sleep. I dreaded the time to come which would only mean suffering to me. Six bottles of **Lydia E. Pinkham's Vegetable Compound** brought me health and happiness in a few short months, and was worth more than months under the doctor's care, which really did not benefit me at all. I feel like another person now. My aches and pains have left me. I am satisfied there is no medicine so good for sick woman as your Vegetable Compound, and I advocate it to my lady friends in need of medical help."—MRS. B. A. BLANCHARD, 422 Broad St., Nashville, Tenn.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

When women are troubled with menstrual irregularities, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound.

NATAL DAY OF ANDREW CARNEGIE.

EBELL LADIES IN ERROR AS TO WHEN MILLIONAIRE WAS BORN.

At the meeting of the Board of Free Library Trustees, the contract of finishing the children's room of the structure was let to Emmanuel & Co., of San Francisco, the price being $2200. This finishing will comprise supplying bookcases, beautifying of walls and tinting the ceiling. There was only one bid for the work. An attempt was made to induce Oakland tradesmen and artists to offer proposals for the job, but the attempt was unsuccessful, because the home people declared they were too busy to undertake the work.

The ladies of the Ebell Society have expressed a desire to have the work finished so as to be able to have the rooms in readiness for occupancy early in August of this year, so that there may be a formal dedication of them on the birthday of Andrew Carnegie, the donor of the building, which, they say, comes in that month.

They fear that, as there is a great deal of work to be done, it cannot be performed in the time specified.

The ladies, however, are laboring under misapprehension as to the date of Carnegie's birth. The encyclopedia shows that, so far from having been born in August, Carnegie first saw the light of day in Dunfermline, Scotland, on November 25, 1835.

With this understanding of that important event, the ladies will have ample time in which to get the rooms of the young people in readiness for use.

OUTSIDERS ARE BUYING IN OAKLAND

Recently Architect A. D. Joplin completed a somewhat novel residence design for Mrs. Catherine A. Hathaway on Piedmont avenue, near Channing Way, Berkeley. The same was sold to Mr. H. Ramsey, late from the Tonopah mines of Nevada. The consideration was over $12,000.

Mrs. T. G. Beames, whose former home was Jacksonville, Or., together with her large family, has transferred her financial interests to this vicinity, and now taken up their abode in two large dwellings at Dwight Way and Manoa avenue, Berkeley, which are patterned after designs by the same architect. Adjoining the Beames improvements and for William Wilkinson, the finishing touches are being placed on a substantial 8-room structure. Several other of Joplin's characteristic designs are being executed on this side of the bay, viz: A large residential, triple apartment building, costing $10,565 and located on the east side of Webster street, near Durant, this city. The owner is Norman P. Nelson of Chicago, who now is the coast representative of Marshall Field & Co.

For Professor W. S. Morley, of the University of California, a home-like Dutch colonial, close to completion at Piedmont and Kearney streets, Berkeley.

Figures are also being received for a permanent home at Ward and Manoa, Berkeley, for W. C. Fife, of the Union Trust Company of San Francisco.

C. A. Westenberg, from the southern citrus belt, who is heavily interested in Mexican rubber plantations has bought 150 feet front on Benvenue avenue, near Stuart street, Berkeley, and in addition to a large rural design with unique features, the entire place will be laid out in pleasing landscape style similar to the many beautiful homes so popular in Southern California. His total expenditure will range close to $12,000.

It is of noteworthy interest that outside parties from the East and elsewhere are finally finding out that Oakland and environs is an ideal home place.

McCOOK, Neb., June 4.—Meagre details of the annihilation of almost an entire family have been received from St. Francis, Kansas.

Berry and his four sons are said to have engaged in a battle with cowboys, which resulted in the death of the father and three of his sons, the fourth boy being seriously wounded. Whether any one on the other side was killed or wounded has not been learned.

IN THE

CITY OF RICHMOND

THE COMING RAILROAD AND MANUFACTURING CITY OF THE PACIFIC COAST.

SATURDAY, JUNE 6, 1903

11 O'CLOCK A. M. ON THE GROUND.

Grand Excursion, leaving San Francisco day of sale at 10 A. M. Take Southern Pacific Broad Gauge Boat, foot of Market street, connecting with our special train at Oakland Mole. Special Train leaving Oakland Mole at 10:30; Sixteenth Street Depot, Oakland, at 10:35 A. M. Special Train returning at 4 P. M. Round-trip Ticket, 40 cents.

Scott's Regimental and Concert Band of 40 pieces accompanying the excursion. Lunch served upon the ground.

Will you read this? If not, you are the loser. We have advised you before and you have made money. Follow us this time and do so again.

Let every man and woman, married or single, in the State of California, if earning money, put aside $5 a month and buy a lot in the City of Richmond and double your money before the lot is paid for.

This is one of the grandest opportunities ever presented in this district to make money. Every lot sold will be sold at a price to enable the purchaser to make money.

1200 lots in the City of Richmond have been placed in our hands exclusively for sale. We are going to sell at auction 300 lots at prices unequaled in any other tract on the market, also upon terms so liberal that any one earning a salary can buy one or more lots.

There are today over 1000 people who have made investments in the City of Richmond in the past two years who can realize 100 per cent on the money they invested.

WE ARE GOING TO OFFER YOU NOW a better opportunity than those 1000 people had one year ago. Will you accept it? If not, you are the loser.

REMEMBER, every lot ready to build on; streets graded; electric lights; public schools; churches of every denomination; postoffice; newspaper offices; city water; electric cars and every convenience of a city at your front door; also steam railroad service to Oakland and San Francisco.

No other subdivision in the City of Richmond gives the same advantages.

With a deep-water front, where the largest ships that plow the ocean will discharge and load cargo at a depth of water 40 to 60 feet, which will afford dockage facilities for the deepest-draft vessels at any stage of the tide, and AT A POINT WHERE CAR AND SHIP WILL MEET, and with the great railways in the rear penetrating all the States of the Union, giving all the advantages of shipping facilities by rail and water not enjoyed by any other place in California, the City of Richmond is bound to take a foremost place.

Around the peninsula is being constructed a belt line railway connecting all the industries with both the Santa Fe and the Southern Pacific Railway systems.

The Santa Fe's terminal is here. Large brick railroad shops have been completed, and hundreds of men in the employ of the company will be kept here constantly.

The Southern Pacific has purchased lands for freight yards and railroad shops, and are building three wharves 100 feet wide by 1000 feet long, 260 feet apart, to accommodate the largest ships afloat, and has a large force of men at work constructing freight terminal yards, with every facility to handle a large volume of business to all parts of the Orient and European countries, and for a barge line to San Francisco for local business. Their plans are very elaborate.

The electric car line from Oakland is now being built by the California Transit Company. Everything points to a wonderful development during the coming year.

Attend this Auction Sale and buy your lot from first hands and at bottom prices. If you don't buy and get in on the GROUND FLOOR you have no one but yourself to blame.

HERE IS A TOWN THAT IS GROWING INTO A CITY AS FAST AS MONEY AND THE RICHEST CORPORATIONS IN THE WORLD CAN MAKE THE TRANSFORMATION. A few years more and you will be telling your friends how foolish you were for not buying some property here when it could have been had for a song.

You should grasp the opportunity.

Remember these lots are just across the bay; same distance as Oakland.

THIS PROPERTY IS GRIDIRONED WITH RAILROADS. Bounded on the west by the Santa Fe Railroad, east by the Southern Pacific, south by the California and Nevada Railroad and north by the Oakland Transit Railroad, with station upon the tract.

Having all the available shipping facilities by rail, the cheapest fuel, deep, navigable waters, and being the only point where these great corporations meet, it has a basis for growth unsurpassed by any town in the State of California, and will be the greatest manufacturing city on the Pacific Coast.

EASY TERMS—ONLY $25 CASH AS FIRST PAYMENT, BALANCE AT $5 PER MONTH.

Do not fail to buy a lot; you will double your money. Every lot remaining unsold after the day of sale will be advanced 10 per cent above the Auction Prices.

Parties in the interior desiring to purchase in this magnificent tract and cannot attend the sale in person, can remit to us the amount of first payment and the price they wish to pay, and we will select for them the choicest lot, in our opinion, and if dissatisfied after seeing the same can exchange for any other unsold lot in the tract and have the payments credited thereon.

MISS STRATTON WILL ACT.

MISS CORNELIA STRATTON, DAUGHTER OF FREDERICK S. STRATTON, WHO APPEARS IN THE CAST IN THE HIGH SCHOOL PLAY.—(PHOTO DAMES & ARROWSMITH.)

The graduating class of the Oakland High School is to present Shakespeare's comedy, "The Taming of the Shrew," at the Macdonough Theater Thursday evening, June 18th. The play will be well staged and the best talent of the class is to take part. The students have been coached by Mr. Vere Hunter of the University of California. The cast is as follows: Baptista, Frank Warner; Vincentio, Roy Warner; Lucentio, Harry Gutterson; Petruchio, Carl Whitmore; Gremio, Herbert Nottage; Hortensio, Harry Leach; Traino and Carl Whitmore; Gremio, Herbert Nottage; Hortensio, Harry Leach; Traino Biondello, suitors to Bianca, John Fraser, Herbert Stoddart; Grumio, Grover O'Connor Katherina, Miss Cornelia Stratton; Bianca, Miss Florence Ziegenfuss; Widow, Miss Ruth Salinger; a haberdasher, Miss Alice Mould.

Several of the above have taken part in such affairs before. This class has made a departure from the old custom of giving a light farce and their undertaking promises to prove a grand success. The comedy of Shakespeare will be strictly adhered to in every detail. The costumes will be quite elaborate, having been made for the occasion by Goldstein.

A VOICE FROM MOTHERLAND.

EDITOR TRIBUNE:—When the State took the place of the family bonds and tribal relationships, the social consciousness was born and began its toilsome journey, so to speak, towards "equality of human rights," in government and the principle of human brotherhood in social organization. Man, as the family and tribal ruler, of course, took command of the march and has religiously held on to that position ever since. This was natural and beneficent so long as the State concerned itself with only the most external and mechanical interests. But when the State assumed the responsibility of educating its people and defining their political and moral status, then it entered the domain of feminine training and power, and became in need of the service of women.

Motherhood has given to women a distinctive ethical training. Her peculiar sphere is that of motherly devotion, motherly sympathy and self-sacrificing ministration to individual lives. If the service of women is not won to such governmental action—not merely by influencing public opinion, but by authoritative exercise of the ballot—the mother office of the State will be planned and administered as though it were an external, abstract function, instead of personal, organic and practical service. Women, as mothers or in their single blessedness, owe a service to the modern state which men cannot altogether duplicate, because the wisdom of men must be supplemented by the wisdom of women in order to discover the whole of governmental truth.

There was an age when men existed for government, but now government exists for men. Women are included in the compact. The written constitution is not now a crude document by which military and police forces are directed, it is the flexible delicately adjusted document, with many educative and supervisory functions, and the tendency to expand the functions of government in all its departments is a growing one. Woman's nonentity in the political department of the modern State is inconsistent with the prevailing ideas of social progress and reform.

ERNEST SIMPSON TAKES A BRIDE

MRS. ANNA PRATT WEDDED TO THE POPULAR NEWSPAPER MAN.

Amid a quiet company of select friends Mrs. Anna E. Pratt and Ernest S. Simpson were united in marriage at the residence of the bride, 16 Lyon street, San Francisco, yesterday afternoon.

Rev. E. Bradford Leavitt, pastor of the First Unitarian Church, tied the nuptial knot.

Sweet peas and carnations, interspersed with foliage, which constituted the floral decorations, gave a harmonious color blend to the artistic rooms and their dainty furnishings. The ensemble, like the gathering, was warm, bright, cheerful and homelike.

Mrs. Simpson was charming in a gown of champagne etamine, with garniture of lace and touches of blue. She carried pink carnations. The bride was attended by her little daughter, Miss Fernan Pratt, who was daintily gowned in white and carried white carnations. Mr. Asleigh Simpson, son of the groom, was best man.

Handsome presents were received from many friends, attesting the popularity of the couple. Among the most interesting gifts was two silver and Bohemian decanters from Mr. and Mrs. M. H. de Young and a coffee service and a complete set of silver from the Chronicle staff.

At 5.50 in the afternoon the newly wedded pair departed for Los Angeles for a three-weeks' honeymoon tour. They will spend two weeks in Southern California and the succeeding week in this end of the State.

The marriage of Mr. and Mrs. Simpson may be termed a strictly newspaper wedding. Mr. Simpson is a capable and popular press writer and has been city editor of the Chronicle for several years. He is a graduate of Santa Clara College and the Hastings Law School. The bride has been connected with the Chronicle for the past seven years, and is a lady of charming personality and considerable literary ability.

Lastly, Rev. Mr. Bradford, the officiating clergyman, is a newspaper writer. He writes editorials on religious and moral topics for the Sunday Chronicle and is the leading contributor to the Pacific Unitarian. The circle of friends who gathered to witness the ceremony were mainly people conected with the press.

KEEN COMPETITION AT POINT RICHMOND.

There is keen competition at Point Richmond between the Southern Pacific Railroad, the Santa Fe and James J. Hill of the Northern lines. It is not generally known that several months ago James J. Hill was in reality the purchaser of sixty-seven acres of splendid property, having a big water frontage. It has recently developed that this land was secretly bought for Mr. Hill and that he interests, when the time is ripe, to establish at Point Richmond a tremendous entrepot in connection with Oriental shipping. As soon as this fact became known, the Southern Pacific Company immediately purchased large tracts of land adjoining that of Mr. Hill's and commenced the erection of six thousand feet of wharves. In addition to this, the Santa Fe is also making enormous preparations for handling a large share of the Oriental trade.

These three great railroad companies, who have hundreds of millions at stake, have recognized the value of Point Richmond to such an extent that they have already expended several millions of dollars in that vicinity. There can be certainly no doubt but that Point Richmond is destined to be the greatest commercial section on the Pacific coast. This is largely due to the fact that rail and water facilities are unequaled, there being miles of deep water available with the minimum amount of wharf building.

One of the most desirable tracts of land in this rapidly growing territory has been acquired by the Laymance Real Estate Company, and next Saturday there is to be an auction on the ground, which is the most interesting subject now being discussed in real estate circles all over this section of the coast.

It would be impossible to find a better investment today than the purchasing of land at Point Richmond. The terms upon which this property is to be sold are so easy that any one earning a moderate salary can acquire one or more of these lots without ever realizing that they are paying for them. They are certain to increase three-fold in value within a couple of years. An excursion train leaves here next Saturday morning, and even if people are not interested in immediate buying of real estate at Point Richmond, the trip will be of rare educational value, as showing how quickly a healthy town can arise where the foundation is supplied by large railroads and mammoth industrial enterprises.

MEN OF ALL FAITHS PROTEST AGAINST OUTRAGES.

JOHN A. BRITTON PRESIDENT BENJAMIN IDE WHEELER WILLIAM R. DAVIS

Massacre of the Jews in Russia is Strongly Condemned at the Mass Meeting Held in the Macdonough.

The protest of the people of Oakland against the massacre of the Jews by the Russians at Kishineff, which was uttered at the Macdonough Theater last night was made in the name of humanity. It was made with an earnestness which could not be mistaken and will have the effect of swelling the outcry of the country against the brutality of a nation which calls itself Christian, at a time, too, when it was supposed to be celebrating one of the most glorious of the festivals of the Christian religion.

The audience was of a cosmopolitan character, in it being men of all lines of business, of all professions and of all shades of religious belief.

Among the auditors there was a unity of feeling and that was of reprobation of the deed complained of which led to the unanimous adoption of the resolutions on the subject which appear elsewhere in this issue of THE TRIBUNE.

The stage was occupied by a number of well known citizens who were appointed vice presidents of the meeting, among them being noticed Senator Lukens, President B. I. Wheeler of the University of California; Rev. E. Fay Mills, Rabbi Friedlander, Judge Ogden, John A. Britton, Fred M. Campbell, J. J. McDonald, Wilbur Walker, Sol Kahn, J. P. Taylor, M. Schlueter, George Mosbacher, G. B. Daniels, W. E. Dargie, Julius Abrahamson, W. R. Davis, Edwin Stearns, D. Edwards and Rev. E. E. Baker.

The meeting was opened with a medley of national airs played by the McBain Orchestra.

Senator Lukens then said that it gave him pleasure to call the meeting to order, and especially to introduce as chairman of the evening Mayor Olney.

MAYOR OLNEY.

The mention of Mr. Olney's name was greeted with cheers. The Mayor spoke as follows:

"We have met here tonight to protest, in the name of our common humanity, against the outrages that have been and are being perpetrated upon the Jews of Russia.

"For myself, I am an optimist in human affairs and, therefore, I greatly rejoice that I have lived to see the day when public opinion encircles the earth. (Applause.) No race is so humble that a crime against it does not arouse the enlightened sentiment of the civilized world. In my youth, human slavery was common and there are men still living, some of them, no doubt, here to night, whose memories go back to the period when, even in free and enlightened England, the Jew, the Catholic and the Unitarian, were denied all political rights. Thank God that day has passed, never to return! (Applause.)

"Now, when a gross wrong is inflicted in any part of the world, the eyes of good men and women are focused on that spot and when they lift their hands in disapprobation, or horror, there is no nation or people so dull or so brutal as not to flinch. That is why meetings of this kind throughout the civilized world have such tremendous effect. Public opinion is no longer the opinion of the little coterie of people you personally meet, or your town or State, but it is the opinion of the world. It will not do to say that because we have seen outrages perpetrated in our country we are precluded from protesting against the horrors committed in Russia. The condemnation we visit upon others we must visit upon the lawless and the brutal here. Let the whole civilized world hold up to execration the community wherever situate, whether in Russia or in the United States, that permits the perpetration of wholesale crime, and there will be such a public sentiment aroused that no community, whether in Wyoming, or New Orleans, or Modoc county, California, or Bessarabia, will dare to repeat their offenses. But, though our own country is not free from reproach, it is not fair to compare these individual and sporadic cases with the wholesome murder and rapine inflicted in Bessarabia upon men, women and children, for no other reason than that the victims were Jews. Civilization revolts at it, humanity shudders as it reads, and we of our good city of Oakland unite with the rest of the world in condemnation." (Applause.)

At the close of his remarks, Mayor Olney took occasion to make the excuses of the Rev. P. C. Yorke and John P. Irish, who had expected to speak at the meeting, but who were unable to be present through absence from the city.

In introducing the next speaker, Mayor Olney said that he wished to refer for a moment to the recent visit paid to this city by President Roosevelt, and to say that that visit, save the address at the High School, would have been entirely cut out had it not been for the good offices of President Benjamin Ide Wheeler and the people of Oakland were indebted to him for the extended stay of the President here. The Mayor then said that he took great pleasure in introducing President Wheeler to an Oakland audience.

PRESIDENT WHEELER.

President Wheeler was greeted with applause. "I am glad," he said, "to join my heart with your hearts tonight in this protest. We are assembled here without regard to creed or craft, without regard to nationality or blood, to express, as human beings, our indignation at an infringement of human rights. We have to bring no indorsement of any faith or order. We preach no hate against any people. We raise no standard of belligerency against any nation. It is the sons of Adam that have suffered and no man can tell us they are not brothers. It is within the borders of civilization that this has happened and no man shall tell us we are too far away from a nation so distant that has interest in human affairs that as humans we shall not arise and speak. This is a wide world but human interest, more than steamboats or cables or railways, is linking it together and many nations in it. I rejoice, as the chairman said, that I live in a day when public opinion includes the world.

"The wrongs that have been done in Russia have their spring in a misuse into which peoples are likely to fall and against which it is well we should, a time, be warned. There is a law, it may be unwritten, but it is spoken through the world by the voice of the great judge, public opinion, which will be heard. A motion which shows violence must expect to reap the whirlwind and Russia is reaping it."

REV. B. FAY MILLS.

Rev. B. Fay Mills was then introduced.

"We have," he said, "scarcely ceased our shudder at the record of the horrible atrocities perpetuated upon our Brethren in Russia at the gentle Eastertide. That human blood should run in the streets of those who taught us christianity is terrible. I believe that the responsibility of all this rests with the Russian government. I believe the Czar of Russia is a humane man. I believe that there are those in Russia who decry as much what has taken place in Bessarabia as we do here. I do not believe the Czar of Russia and his councilors meant that men should be made to drink their own blood, that their tongues should be pulled and all the other horrible atrocities should be committed. And yet, I say that the government of Russia is responsible, in this, that it has universally discriminated against the Jews; because it has laid upon them excessive taxation. It has kept them on the move. It has closed the professions to them and most of all has allowed the priests to preach against them. I would like to emphasize our duty and officially protest against these outrages. If we have no precedent, I say it is time to make one. (Applause.) But in the case of Roumania and in Turkey protests have been made. Is it right that protests shall be made against small countries and not against large ones? Mankind is one in spirit. I believe that the world has come to that point tonight that it is like one great city and that Jew and Gentile should be equal before all men. Let the government of the United States of America, explicitly, kindly, firmly, officially, express our horror, our interest and our desire for the establishment of security and opportunity for the Jew and for all men in all the countries of the earth." (applause.)

SENATOR LUKENS.

"I am glad," said the senator, "to be among citizens of Oakland who have gathered here to express their indignation at the horror which has been perpetrated in Southern Russia. We are not at peace with Russia and yet are friendly with the whole world. We are a government of human beings for human purposes which embraces in its scope the whole world. I know from my study of the law that interference with the denizens of a country is a domestic affair about which other nations cannot inquire. I was told in the office of a man very learned in the law that this was a very delicate matter to deal with in diplomatic correspondence. I am confident, however, that with a strong, stalwart head of the government, there will be no misgiving about what course they ought to take and what they ought to say. A righteous protest will lighten the bonds of humanity. Russia is but a person in the family of nations, and just as surely as the other self-respecting nations insist upon the extension of legal rights to her subjects, just so soon will she be led into the recognition of the rights which we now enjoy."

W. R. DAVIS.

The next speaker was W. R. Davis. "It took a long time," he said, "to make a world. It took a long time after that to make a people. This footstool finally attained through various stages the point at which we have now arrived. Man, first, was the animal man. In India, darkness is their man yet. In Africa, the blackest yet pervades—much of it. It is the old struggle against superstition and ignorance. Where stands Russia? Where stands the Jew? Where stand we? Russia is subject to the mere beck of one man who is restrained by no man. Where stands the Jew in Russia? Oppressed, cast down, repudiated. Mother England made Disraeli premier. A Jew is now Lord Mayor of London. (applause) Where stand we? This city of 80,000 is a city of 80,000,000 who feel as we do now. We of this city have a right to protest against tyranny wherever it may be. (applause) There is no law written worthy of the name of law which was not first written on the hearts of men. And we have a right to say, 'Look, Russia, at the progress that has been made by your neighbors and be encouraged by them and stand in favor of light and civilization against violence and bloodshed, and a brotherly uplifting of our fellowmen.'"

REV. E. E. BAKER.

Rev. E. E Baker followed, and was received with cheers. "I am proud," he said, "to attend a meeting of this kind in my city, in the face of such a great catastrophe. I say catastrophe because it means that, to find a great nation with prejudice born of strength. Napoleon must have been right when he said 'Scratch a Russian and you find a Tartar.' I know, we owe a debt of gratitude to Russia, for her friendliness to us in our civil war but there is no debt that outweighs civilization and humanity. We are under no obligation to remembers such a debt when it is a question of brotherhood and humanity. (applause) In Russia, there is the same feeling as there is here, though it has not been given expression by the people. But the novelists of the people of whom I have read, charge this horror to the doors of the aristocracy. The Slavs are too ignorant to know what they are doing but were urged on this barbarity. It is decreed by those who speak for the people. I came here to say that we have a right to demand the entire truth of what happened in Kisheneff. If we only had a good American newspaper in Russia we would know all about it very soon. (applause.) We have a right to ask the punishment of those who committed these crimes. If we have the right to punish the man who kills a president, and the man who would kill a McKinley should die, there should be authority to punish those who committed these crimes and make an example of them. I don't believe in the christianity which in a time like this would turn the other cheek. We have a right also to demand reparation and restitution of the property taken and destroyed. When we put to death some Italians in New Orleans we had to pay for it. It was right. And again, when we killed some men in Colorado, we had to do the same thing because it was right and we had done wrong."

JOHN A. BRITTON.

The next speaker was John A. Britton. "The call, he said, "is an unexpected one. When asked to say a word I thought I would be false to myself if I did not voice my protest. So, briefly and with the best that lies in me I shall add my voice to the chorus of the country. It was with a thrill of horror that we listened to the tale that came from Kisheneff. The people of the United States, ever ready to relieve distress, are ready, today, backed by millions of men to relieve the oppressed and to tell the oppressor in no uncertain terms that they will not countenance another such outrage. But it is not necessary. Russia has learned her lesson from the nations of the entire world. It needs only one little word to make her understand that she must now make reparation for the wrongs committed within her borders. Christianity means nothing if it does not mean charity. The God of the Buddist, the Jew and the Gentile is the same God that watches over all. There is but one imperial power and Russia must answer to the people who owe their allegiance to Him."

RABBI FRIEDLANDER.

The last speaker was Rabbi Friedlander. "I protest," he said, "most vigorously against the horrible outrage perpetrated on my brethren in Russia, not only because I represent the temple but because I am a member of the large world-embracing temple, the temple of humanity which is based on that eternal creed which has been incorporated in American independence and inspired the loftier virtues of the American citizen—that a man's right to life and liberty are inalienable. (applause.) I protest against such shameful discrimination and class-legislation in Russia. If civilization stands for anything it must be to protest against inhumanity to people in any part of the world. America cannot remain silent about these massacres. America must protest because of its own principles, because of its own civilization, because of its own lofty citizenship. The widows, the orphans, cry out to all christendom against this horror. Oh, Christianity, what crimes are committed in thy name. Christianity must answer, must respond and come to the rescue. In the name of Him who so tenderly loved little children and who was nourished by a Jewish Mother, America's voice will cross the borders of America and will penetrate the cliques of Russia and forever prevent a recurrence of these horrors." (applause.)

D. E. COLLINS.

D. Edward Collins, chairman of the Committee on Resolutions then read the following resolutions which were unanimously adopted after which the meeting adjourned.

Whereas, Pillage and massacre are violations of fundamental principles of morality, and thorough, universal protection against such crimes is the first and highest duty of government and

Whereas, Race persecution, religious oppression and fanatical slaughter deserve the horror and condemnation of the civilized nations of the whole world, and

Whereas, Outrages, violence and fiendish barbarities have been perpetrated recently upon Jewish residents at Kisheneff in Russi; now, therefore, be it

Resolved, By the citizens of Oakland, California, in mass meeting assembled, that the cruelties savagely committed upon innocent and defenseless men, women and children at Kisheneff in in Bessarabia are a monstrous offense against humanity; and further

Resolved, That the chairman of this meeting do transmit copies of these resolutions to each of the senators in Congress from California and to the President of the United States.

PERSONAL AND SOCIAL NOTES.

WEDDING OF DR. J. LORAN PEASE AND MISS MABEL GAGE.

Three charming brides, within the past two years have gone forth under pleasant auspices, to happy homes from the family abode of Stephen T. Gage, 1309 Harrison street, and the last of the trio, was Miss Mabel Gage, who, last evening, became the bride of Dr. Joseph Loran Pease.

As on the occasion of the preceding nuptials, the home was converted into a floral bower and graced with a number of relatives and friends, all of whom entertained for the happy bridal couple the kindliest wishes for a career of unalloyed happiness. The color-scheme was of green and white, though there was, at the same time, in some of the apartments, namely the reception and dining-rooms, a blending of carnations, lilies and sweet peas.

The ceremony took place in the library, the bay-window of which was graced with floral beauties, with an intermingling of ropes of roses and sweet peas. An elaborate floral bell was suspended above the place of which the bride and groom received the nuptial benediction.

The ceremony began at 8:30 o'clock and was preceded by the throwing open of the doors leading from the music-room by George and Stephen Gage, brothers of the bride, who acted as ushers. The bridesmaids, Miss Carrie Nicholson, Miss Belle Nicholson, and Miss Adah Brown, led the way to the place in the library where the groom, attended by his best man, Dr. L. P. Herrick, stood. The maid of honor, Miss Alma Brown, followed and then advanced, the bride leaning on the arm of her father.

The bride was stately and charming and her features were radiant with the joy of the moment.

The ceremony was performed by Rev. Mr. Hulme, of St. Paul's Episcopal Church, and, during its progress, an orchestra, hidden behind a screen of foliage, rendered plaintively a romantic theme which intensified the effect of the solemn act.

The bride was attired in a gown of rich ivory-white satin. A panel of rose point lace covered the front of the skirt and the sleeves and waist garniture were of the same priceless lace. A rose point berthe encircled the shoulders and was caught together in front with long ends of chiffon and orange blossoms. Nestling in the lace was the groom's gift, a large crescent of pearls and diamonds.

The long veil was held in place with orange blossoms and a shower of lilies of the valley and tulle completed an unusually elegant costume.

The attendants were all in white, the maid of honor, Miss Alma Brown wearing white chiffon, and the bridesmaids, Misses Carrie and Belle Nicholson and Miss Adah Brown, attired in silk grenadine. Miss Brown carried a shower of maiden hair and asparagus fern. The bridesmaids' bouquets were sweet peas in soft pastel shades.

A large marquee had been erected adjoining the dining-room and an elaborate supper was served there and at small tables scattered throughout the spacious apartments.

Dr. and Mrs. Pease have gone on a honeymoon and on their return will reside at the home of Stephen T. Gage, where the nuptials took place.

Mrs. Pease is bright, accomplished and beautiful. Dr. Pease is a graduate of the Chicago University, and president of the Oakland Dental Club.

WHIST TOURNAMENT.

The whist tournament of St. Francis de Sales parish, held last night in St. Francis de Sales Hall, was a success in every particular. The affair was given for the benefit of the Children of Mary Fair booth. Whist and euchre were both played and every one spent a most delightful evening.

Those in the reception committee were: Miss Margaret McDonald, Miss Mary E. Gallagher, Miss Leon Kelly, Miss Margaretta O'Connor, Miss Mary Kehoe and Miss Margaret Fleming.

The scorers were: Miss Grace Lyons, Miss Kate Merther, Miss Tina McDonald, Miss Nellie Whelan, Miss M. Keegan, Miss M. Rice, Miss Mary Fleming, Miss Mary Mulvaney, Miss May Powers, Miss Sandina Ryle, Miss E. Gallagher, Miss K. McNamara, Miss T. Heverlin and Miss Bernadette Chisholm.

PERSONALS.

HONESTY THE BEST POLICY.

GLEN'S FALLS, N. Y., June 4.—An interesting case of troubled conscience has been brought to light through a letter received by A. F. Root of Glen's Falls from a man in Oregon. Forty years ago the writer says he stopped at a store in Schroon River, kept by Root's father, and bought a number of articles. The storekeeper cheated himself out of 5 cents. The man noticed it, but said nothing. In his letter he recounts the circumstances and says that "it has troubled him all these years, and that it was the one dishonest act of his life."

He enclosed a money order for 75 cents, being principal and interest.

THE FASTEST BATTLESHIP.

VIENNA, June 4.—The speed trials of the new Austrian second class battleship Arpad at Pola proves her to be the fastest battleship in the world. Her maximum speed is 20.13 knots an hour and she made an average of 19.65 knots in a six-hours' run. She was constructed by the Trieste Shipbuilding Company.

TELLS OF TRIP OF THE PRESIDENT.

JAMES D. PHELAN. (Photo by Bushnell.)

(James D. Phelan in the San Francisco Bulletin.)

The benefit which is likely to accrue to San Francisco and California by the President's visit is general and special in its character.

The press of the entire country has reported his journey and the State has been advertised in news columns far and wide in the most attractive form. No untoward incident has marred his pleasure and none but good report has gone out. He publicly stated that he gave more time to our State than to any other Commonwealth because California is "an empire in itself," a State of exceptional area and resources. The charm of the Southland, the strength and virility of the metropolis, the richness of the mountains, the abundance of the valleys, the wonders of the Yosemite and the awakening commerce of the sea cannot but have impressed him, and, through the newspapers, the American people, who, with loyal solicitude and becoming pride, have followed his daily movements and rejoiced in his patriotic reception.

California hospitality is again vindicated. The great State on the Pacific has done itself honor. To the Indian the President is "the great father in Washington." In point of fact, the President is a father in the true sense of having qualified authority in many matters which vitally concern the States. The Departments of the Interior, of Commerce, of the Army and Navy, are his to command. Their recommendations influence Congress as expert opinion and administrative policy.

Will not the President be able to set more intelligently, and even more affectionately, toward California for his visit? He expressed a cordial interest in "the west of the West." The man who wrote the record of "The Winning of the West," saw, he said, the Pacific shore and has been won by it.

The construction of battleships, the transport service, the coast defenses, the adornment of the Presidio are interests of San Francisco which have to be maintained and promoted. The question of irrigation and forest preservation will come before the President and he can speak now not only as one having authority, but as one having knowledge. Not as a mendicant need we now beg, nor as a braggart boast. He will be able to verify our petitions for Federal assistance and corroborate our claims for consideration. The people of the State, within their jurisdiction, have made California the pride of the Union, developed field and mine in peace and contributed troops in war, honored the brave and erected monuments to victory—they possess the pioneer spirit and reflect the strenuous life so dear to the President's heart. He has become acquainted with them and they have learned to love his candor, warmth and sterling characteristics. A strong, brave and honest man—high type of American citizenship—has he not left his impress on the people of the land—the boy at school, the man at work, the official in position of trust—and quickened their patriotism, increased their devotion to law and strengthened their morale? His visit has been an inspiration for better government, and no State has more reason to expect greater consideration for its material wants than California, as a result of his comparatively long sojourn and enthusiastic and sincere reception.

Out of the visit may come a Cabinet Minister from California to speak for the Pacific Coast. It is a remarkable oversight, which the President now must appreciate, that in his official family, his fairest daughter has no voice. It is during the period of development that the fostering care of "the great father" is most needed. Let this goodly child destined to wed the Pacific and dower her family with the wealth of distant lands be not retarded in her destiny by the jealousies of sister States. Her interest in foreign policy, tariffs and commerce is of growing greatness, and she should not be excluded from the council.

The President has met California and exchanged compliments. Insincerity is no part of the President's equipment. We may expect him, therefore, to give practical force to his professions and confer on her the opportunity and the position to which she is fairly entitled by the favor of nature and her own multifarious accomplishments.

FIGHTING FOREST FIRES.

BURLINGTON, Vt., June 4.—At least 1000 men are fighting forest fires in Vermont, yet thousands of acres of valuable timber land have been burned over and there is little prospect that the fires can be checked until rain shall fall. At Hardwick two residences were destroyed.

The most serious situation is on Worcester mountain, near the towns of Worcester and Elmore. The fire there has burned over 100 acres of heavy timber land, valued at $50 an acre, and is rapidly spreading. The smoke in that locality is so dense objects a block away cannot be seen.

AN ORDINANCE ESTABLISHING AND REGULATING THE TRAFFIC VENDING AND DISPOSING OF SPIRITUOUS, MALT AND FERMENTED LIQUORS OR WINES OR ANY ADMIXTURE THEREOF AND PROVIDING FOR LICENSING THE SAME AND PROVIDING PENALTY FOR VIOLATIONS OF PROVISIONS OF SAID ORDINANCE AND REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT THEREWITH.

Be it ordained by the Council of the City of Oakland, as follows:

SECTION 1.

It is hereby declared to be unlawful for any person, firm or corporation to establish, open, keep, maintain or carry on within the City of Oakland any saloon, bar, store, dram shop, tippling place, stand, or any place where spirituous, malt or fermented liquors or wines, or any admixture thereof, are sold or given away; or for any person, firm or corporation (except as hereinafter provided) to sell within the limits of the City of Oakland any spirituous, malt or fermented liquors or wines, or any admixture thereof, without having the permission and license therefor as in this ordinance provided.

SECTION 2.

Every person, firm or corporation receiving a license under this ordinance shall place the same so that it shall at all times be conspicuous and easy to read in his chief place of making sales, and no license shall permit sales by any person, firm or corporation who shall neglect this requirement.

SECTION 3.

No license issued under any of the provisions of this ordinance shall be assignable or transferable without the consent of the Auditor indorsed thereon, and only to such person, firm or corporation as have obtained from the City Council the permission hereinafter required, and having filed a bond as hereinafter provided, and complied in all other respects with the preliminary requirements of this ordinance.

SECTION 4.

No person, firm or corporation shall have issued to him or them the license required by this ordinance unless such person, firm or corporation be of good moral character, and first obtain permission as provided herein, by making application in writing to the City Council at a regular meeting thereof for permission to obtain the license herein required, and shall file with said application a written recommendation signed by not less than five citizens of the City of Oakland occupying or owning real estate within one block from the front entrance of the place where the applicant or applicants propose to carry on the said business.

The application shall set forth:

First—The name and residence of the applicant or applicants, and how long he or they have there resided.

Second—The particular place for which a license is desired.

Third—The name of the owner of the premises.

Fourth—That the applicant or applicants are the only person or persons in any manner interested in the business asked to be licensed, and that no other person shall be in any manner interested therein during the continuance of the permission.

Fifth—Whether or not the applicant or applicants have had a permission or license for the sale of liquors in this city during any time preceding his or their present application, revoked.

The recommendation shall set forth: That the applicant or applicants are of good moral character and suitable to conduct such a place. This petition must be verified by affidavit of applicant or applicants made before the City Clerk or some authorized Notary Public. Provided, however, that when there are not five citizens, occupying or owning real estate within a distance not exceeding one block, as provided for in this section, the Council may, upon the recommendation of three of its members, grant such permission.

The term "block" in this ordinance shall be construed as follows:

(a) A block shall not exceed 300 feet in its greatest length.

(b) When an establishment to be licensed occupies an entire square or block bounded by four streets, a block shall constitute that frontage of each of the four blocks next adjacent immediately facing the block occupied by the applicant or applicants for such permission.

(c) Where the establishment to be licensed occupies a corner of the block or square on which it is located, then the term "block" shall constitute each of the two frontages of the square or block thus occupied, and of which the property on which the applicant or applicants for permission is located constitutes a part.

(d) Where the establishment to be licensed occupies a part of either frontage in a block or square, then the term "block" shall constitute the frontage of which the premises thus occupied constitute a part, and the frontage facing the same in the block or square next adjacent and on the opposite side of the street.

SECTION 5.

No permission shall be granted under the provisions of this ordinance to any person, firm or corporation to sell such liquors, in any room or place where groceries, drugs or merchandise, other than tobacco and cigars, are sold at wholesale or retail, or in any room or place having any opening into or door connecting with premises where groceries, drugs or merchandise, other than tobacco and cigars, are sold at wholesale or retail.

SECTION 6.

Such applicant or applicants, shall, at the time of making application for permission to obtain a license, file with the City Clerk a bond in the penal sum of one thousand ($1000) dollars, with two or more sureties, who shall each be a resident of the City of Oakland, and shall each qualify in double the amount of the penal sum of the bond; said bond to be approved by the City Council and conditioned that the said applicants shall conduct the business for which the license is sought in a quiet, orderly and reputable manner, and will not permit any breach of the peace, or disturbance of the public order or decorum, by any tumultuous, riotous or disorderly conduct upon the premises, and shall not sell, give or furnish any intoxicating liquors, spirituous, malt or fermented liquor, or wine, or any admixture thereof, to any person in the state of intoxication, or to any person under the age of 18 years; and that said applicant or applicants shall obey and abide by all laws and ordinances now in force and which may be hereafter enacted, regulating the time of closing saloons and places of business where spirituous, malt or fermented liquors or wines, or any admixture thereof, are sold. Said application and recommendation, after the approval of said bond, shall be immediately referred to the Municipal License Committee for investigation, who shall report the result thereof to the Council at the next regular meeting following. If said report be in favor of granting the permission to said applicant or applicants, the Council may, by resolution, grant the permission applied for, which permission shall remain in force not more than one year from the date of the same, and be good only for the person, firm or corporation and place named therein, and shall be filed with the Tax Collector.

SECTION 7.

The City Council shall hear petitions from residents of the ward in which an applicant or applicants are desirous of conducting such business, in addition to that of the applicant or applicants, in favor of or remonstrating against the granting of such permission, and in all cases shall decide impartially as to the necessity or needlessness of such permission, for the accommodation, peace or order of the public, according to the number, character and showing of the petitioners for and remonstrants against such permission.

Upon sufficient cause being shown or proof furnished to the said Council that any person, firm or corporation holding a license has violated any ordinance of the city relating to the sale of liquors, the City Council shall, upon notice being given to the person, firm or corporation so licensed, revoke such permission, cancel the license and declare the bond forfeited.

SECTION 8.

All licenses shall be paid for quarterly in advance in lawful money of the United States, and at the office of the Tax Collector of the City of Oakland, who is hereby authorized, empowered and required to collect all license taxes provided for by this ordinance; and he shall not issue the license herein provided for, except to such person, firm or corporation as shall have presented him the permission of the City Council to issue such license, and for such place named in the resolution granting the permission, and for this purpose the City Clerk shall furnish to such person, firm or corporation to whom permission shall be granted, a certified copy of the resolution granting such permission, and such permission must be in force and unrevoked at the time of issuing such license.

SECTION 9.

The keeping of a disorderly or disreputable house or place, or the selling or giving of any spirituous, malt or fermented liquor, or wine, or any admixture thereof, to any intoxicated person, or to any minor under the age of 18 years, or the violating of any of the provisions of this ordinance by any person, firm or corporation, hereby licensed, shall be deemed a misdemeanor, and on conviction thereof said conviction shall work a revocation and forfeiture of the license and permission obtained, as well as a forfeiture of the bond given under the said provisions, and no license shall thereafter be granted to such person, firm or corporation. The Council may, at any time for such cause as they or a majority of them upon investigation deem sufficient, revoke any permission granted under this ordinance, and it is especially ordained and declared that all such permissions, though granted for the nominal term of one year, are held at the pleasure of the Council.

SECTION 10.

Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine not exceeding one hundred ($100) dollars, and in case such fine be not paid, such person may be imprisoned at the rate of one day for every two dollars of the fine so imposed.

SECTION 11.

All License Officers in the discharge of their official duties and all Regular Police Officers, shall have and exercise the following powers:

First—To make arrests for the violation of any of the provisions of this ordinance.

Second—To enter free of charge at any time any place of business for which a license is required, and provided, and to demand the exhibition of such license for the current quarter from any person, firm or corporation engaged or employed in the transaction of such business; and if such person, firm or corporation shall then and there fail to exhibit such license, such person, firm or corporation shall be liable to the penalty provided for in Section 10 of this ordinance; and it is hereby made the duty of all Police and License Officers to cause complaints to be filed against all persons, firms or corporations violating any of the provisions of this ordinance.

SECTION 12.

It shall be the duty of the Chief of Police to make returns and file the same with the City Clerk on the first Monday in each month, under oath, of all places in the city where vinous, spirituous, malt or fermented liquors or wines, or any admixture thereof, are kept for sale, or are sold, stating which of said places are licensed and which are unlicensed under this ordinance; and any failure to comply with this provision shall subject the Chief of Police to suspension or removal from office, and the Council may direct the Board of Police and Fire Commissioners to make such suspension or removal.

SECTION 13.

It shall be the duty of the Board of Police and Fire Commissioners to cause all places in the city where said liquors are sold to be visited at least once each month by the police, to ascertain whether any of the provisions of this or any other city ordinance relating to the sale of liquors has been violated, and whenever an officer shall learn of any violation it shall be his duty to make written returns of the same to the Board of Police and Fire Commissioners, with the names of the witnesses, and to do whatever shall be in his power to bring the offender or offenders to justice, and upon any neglect or refusal of such Police Officer to perform the aforesaid duty the Board of Police and Fire Commissioners shall immediately remove from the police force said officer, and said removal shall forever disqualify said officer from holding any position under the government of the City of Oakland.

SECTION 14.

The license tax under this ordinance shall be as follows:

For every person, firm or corporation engaged in the business of selling or giving away, or in any manner furnishing, in any saloon, bar, stand or other place of business, or in any public place in the City of Oakland; and for every person, firm or corporation who sells or offers to sell, or keeps for the purpose of sale, in the City of Oakland, any spirituous, malt or fermented liquors or wines, or any admixture thereof, one hundred ($100) dollars per quarter (three months) or portion thereof, in advance. Provided, that druggists and apothecaries on the payment of fifteen ($15) dollars per quarter (three months), or portion thereof in advance, shall have the right to furnish liquors upon the written prescription of a regular licensed and registered physician, such liquors in no case to be used or drank upon the premises, and to supply alcohol or preparations containing the same for scientific, mechanical or medical purposes. Provided further, that no spirituous, vinous or malt liquors shall be sold or furnished more than once on any one prescription of a physician and that no physician shall prescribe any intoxicating liquors as a beverage to a person of known intemperate habits.

CHEMIST ENDS UNSUCCESSFUL LIFE WITH ETHER.

Employee of Powder Works Takes Overdose of Drug to Which He Was a Victim.

BERKELEY, June 4.—Because he had not succeeded in life, C. F. Higgins, an employe of the California Vigorit Powder Works, committed suicide yesterday by taking an overdose of ether, to the use of which drug he was habitually addicted. Higgins was discovered at noon writhing in the agonies of death. A physician was at once summoned, but the suicide was beyond the skill of medicine, having passed away with the most horrible suffering.

No one knows anything about Higgins or his connections. He enlisted in the Philippine war with a New York regiment. Ten days ago he went to the powder works, where he obtained employment as a chemist. He had threatened to commit suicide before because he had not got along better in life.

TELLS OF WORK OF SUB-STATION

COMPLETE BULLETIN ISSUED BY THE AGRICULTURAL DEPARTMENT

BERKELEY, June 4.—The work of the sub-station of the University of California Department of Agriculture during the past few years is reviewed in detail in a bulletin just issued yesterday. In all there are five stations which, under the supervision of the State Agriculturist, have been carrying on extensive work in all branches of horticulture. They have proved of great value to the farmer. One of the most important branches of their work has been the planting of eucalyptus forests, with a view of using these trees in the conservation of California forests.

LOVER IS SENT TO JAIL.

PERSISTENT YOUNG MAN MUST SPEND THIRTY DAYS IN JAIL.

BERKELEY, June 4. — Thirty dollars or thirty days is the penalty that Ernest Dewey must pay for his too persistent wooing of Lillie Sherman. Dewey came up before Justice Edgar yesterday for sentence, after having been convicted two days ago for disturbing the peace, in that he insisted in bothering Miss Sherman with his protestations of affection. Whether or not Dewey is to forget his troubles by enjoying his liberty or whether he is to brood over love and the ways of women in a lonesome cell will be decided by relatives in Oklahoma, who, so Dewey hopes, will pay the fine.

FIRE ON HILLS NORTH OF TOWN.

BERKELEY, June 4.—A fire, caused probably by careless picnic parties, broke out in Wildcat canyon yesterday and swept the hills north of town. Most of the country devastated is pasture land, though considerable damage was done to hay fields and many fences were burned.

DON'T WANT ARMENIANS.

BUCHAREST, Roumania, June 4.—At a meeting of liberal supporters of the government yesterday, Premier Stoudza and Finance Minister Costinezco spoke strongly against allowing Armenians, who, they said, "have rendered themselves unpopular here" to secure a foothold in the Roumanian oil fields and urged patriotic Roumanians to refrain from treating with the American experts.

The minister also urged that an abundance of British and continental capital is available to develop Armenian oil fields.

THE WRONG MAN.

LONDON, June 4.—The Italian who was arrested at Alexandria, Egypt, recently on the supposition that he was Count Maurice de Bosdari, who is wanted on the charge of forging the name of J. P. Morgan for sums of money aggregating $150,000, has been released. It was proved that the man taken into custody was another.

WORK ON ROAD RESUMED.

TRANSIT COMPANY WILL SOON COMPLETE ELECTRIC SYSTEM.

BERKELEY, June 4.—Work on the electric line of the Oakland Transit Company along Shattuck avenue will be resumed on the tenth of this month according to the statement made by Engineer E. W. Boggs to Superintendent of Streets Turner. The company has already laid its tracks as far as Shattuck avenue and Blaks street, and now remains only to complete the laying of the rails to connect with the Telegraph avenue system at Bancroft way and Shattuck avenue. When this work is completed the company will have a straight run out Grove street to Shattuck avenue and along Shattuck avenue to University avenue, where connections will be made with the West Berkeley or San Pablo avenue line, and the two North Berkeley lines. The other branch of the Grove street system is to be continued along Grove street one block to connect with the University avenue line, and transfer to West Berkeley. The beginning of the work has been delayed on account of a threatened strike, but a large force of men has now been employed to push the work along as rapidly as possible.

As another instance of the courtesy and fair dealing of the company it has agreed to meet one-half of the expense of constructing culverts on the cross streets along the entire route, provided that the city pay the other half. To this generous offer Mr. Turner has agreed and the work on constructing the culverts will proceed with the laying of the rails.

COHEN DEAD.

NEW YORK, June 4.—Harry Cohen, "the original Cohen," the first man to start a second-hand clothing store on Baxter street and who is said to have originated the puller-in scheme, which has made that thoroughfare famous, is dead. He accumulated a large fortune, which is said to have been lost on the race tracks but again entered business as a produce dealer and died wealthy.

TWO WHITE WHALES.

HALIFAX, N. S., June 4.—Two large white whales, rare specimens at Atlantic coast waters, are reported to be imprisoned in the Bras d'Or Lake, Cape Breton. They are supposed to have entered the lakes in pursuit of mackerel schools. Cape Breton fishermen are making great efforts to capture one of them.

REV. HATCH IS OUT.

HE FINALLY RETIRES FROM HIS PULPIT IN BERKELEY.

BERKELEY, June 4.—At last the resignation of Rev. George B. Hatch has been accepted by the trustees of the First Congregational Church, and the misunderstanding between pastor and congregation and between different members of the congregation is at an end. The trustees met again last night, and as Rev. Hatch persisted in resigning, they accepted the resignation by a vote of 62 to 49. Rev. Hatch has made no statement as to his future plans.

THE CHINESE INDEMNITY.

LONDON, June 4.—The Times correspondent at Peking notes a greater disposition on the part of the foreign Ministers to view with favor Great Britain's proposal that China pay her indemnity on a silver basis for nine years and in gold thereafter, leaving the question open whether China shall ultimately pay the difference. He says that even if the United States accepts payment of her indemnity in silver, it should be remembered the $25,000,000 which the United States claimed exceeded her actual losses and leaves a wide margin in her favor, although not so large as in the case of some European powers.

GENERAL GRANT AT WEST POINT.

ST. LOUIS, Mo., June 4.—General Frederick Dent Grant and Mrs. Grant arrived here from San Antonio, Tex., this evening and departed over the Wabash road for Chicago. NEW MACHINERY COMING.

THE STANDARD SOAP WORKS AT WEST END IS OWNED BY FRANK TILLMANN.

WEST BERKELEY, June 4.—While it is generally known and believed that the Standard Soap works was bought recently by Tilman & Bendel of San Francisco, it transpires that this is not true, but the purchaser is Frank Tillmann, Jr., and he is the sole owner. It has been announced that Manager Parker is to remain in charge of the works.

The working force is being increased daily and many improvements are planned for which considerable lumber has already arrived. Manager Parker is now in the East arranging for additional machinery for the latest and best patterns. Although no statement has been made to that effect it is understood that new buildings will be erected adjoining the soap factory and will be used for the manufacture of soaps.

BETTER SHIPPING FACILITIES.

RAILROAD COMPANY ACCEDES TO DEMANDS OF GROWERS AT SAN LEANDRO.

SAN LEANDRO, June 4.—The railroad companies have finaly acceded to the demands of the growers for better transportation facilities to San Francisco. For a long time the ranchmen have been losing money on the shipments of fruit to the city, because the fruit loaded on freight cars at 7 o'clock in the evening would not get to the city markets until 5 o'clock the next morning. This was some hours after the market had opened and as a result the furit would often have to go unsold until the following morning, which resulted in a great loss to the shipper. A ferry company knowing that the growers were dissatisfied with the way affairs were being conducted, interviewed a number of them and made a proposition to take consignments of fruit direct from a landing place on the bay two miles away, and carry them over to San Francisco in time for the opening of the city markets. The ranchmen thought well of the plan and might have adopted it but the transportation companies sent representatives through the valley, who agreed to give quicker service to the city in the future and the boat plan was accordingly dropped. The farmers will hold the Dimond Ferry Company's proposition over the railroads now, as a warning of what may happen in case transportation facilities are not perfectly satisfactory.
